

## Sewing Machines EASY PAYMENTS

A sewing machine is a household necessity, so expensive that few people care to pay the price in spot cash. To meet this difficulty and to put them in the reach of every family I am prepared to sell you a first class machine on easy payment plan. You make a small cash payment and pay the balance in small payments to suit you. I handle both the New Home and Standard.

This cut represents one of the New Home machines, drop head, automatic Mt and ball bearing. Swell front woodwork. If any part of this machine ever proves defective it will be replaced free of charge.

**\$45**

\$5 cash, balance to suit purchaser in weekly payments

### STANDARD SEWING MACHINES

We have the Standard Sewing Machine at prices ranging from \$40.00 down to \$25.00 and are prepared to give you the most liberal terms ever offered for sewing machines. If you want a sewing machine come to see us and we will arrange a deal for you that will enable you to make the machine pay for itself.

### FURNITURE

We are still offering our large line of furniture on the easy payment plan. If you don't buy it is your own fault.

### UNDER TAKING

We have a large line of undertaking goods and can sell you coffins and caskets at reasonable prices.

We invite you to call and investigate our prices and our way of doing business. I am sure we can please and we guarantee our goods.

**W. C. DUNCAN**  
Furniture and Coffins  
Phone 108.

### WILLIAMS A WINNER.

Mississippi Congressman Defeats Vardaman for U. S. Senate.

Jackson, Miss., Aug. 2.—In the democratic primaries yesterday Congressman John Sharpe Williams was elected for the United States senate over Gov. James K. Vardaman by a majority of from 12,000 to 15,000 votes. Later figures will doubtless increase the majority, as many of the strongest Williams counties are yet to be heard from. Of a total of 105,000 to 110,000 votes polled Mr. Williams has received from 60,000 to 65,000 votes, carrying counties.

### COUNTY PROHIBITION CONVENTION

A convention of the prohibition forces in Pontotoc county has been called to meet in Ada Monday, 10 a. m., August 5.

Supporters of the cause are expected from every precinct in the county, and plans will be formulated for a vigorous campaign during the next few weeks.

## SURPRISE STORE

THE PEOPLE WHO PUT THE PRICE DOWN

Remember, we guarantee our prices at all times

### RACINE BUGGIES AND OTHER THINGS

We handle RACINE buggies. There are other dealers in the state who handle RACINE buggies—or others—but there are few who have the complete line we have. Our buggies are all RACINE. They are beautiful. You should see them. Buggies, Carriages, Runabouts, Hacks and Surries, the best made and at reasonable prices. Come in and at least let us show you something swell in this line. Remember that our buggies are all RACINE and that is saying a great deal. They cost no more than others. We have a second-hand surry in fine condition we can sell for a song.

**A. L. NETTLES' HARDWARE STORE**  
Everything up-to-date in the hardware line. Stoves, guns, fishing tackle, lawn mowers.

## EASY VICTORY FOR FRANTZ

Governor had Brutal Majority and Dominated Every Move of the Tulsa Convention--Slight Concession in State Chairmanship

Tulsa, I. T., Aug. 1.—Gov. Frantz and his forces advocating the nomination of a state ticket by republicans, were easily successful in the state convention today, winning every point over the followers of Chairman Hamon from the temporary organization down. The Hamon strength at any time did not exceed 200 votes out of 1,574.

In the matter of state chairman friends of the Hamon movement offered a compromise by agreeing to withdraw opposition to a state ticket and any platform expression, providing J. A. Harris of Wagoner, a staunch Hamon follower, would be accepted by Frantz. This offer was refused. A agreement has been reached, however, between Oklahoma and Indian Territory which it is believed will go through with little opposition. The terms accord Gov. Frantz privilege to name Charles Hunter of Oklahoma city as state chairman and Ed Perry of Coalgate as vice chairman. Hunter is to be supreme in matters affecting the Oklahoma side, while Perry is similarly recognized at to Indian Territory. This agreement eliminates the opposition.

Hamon's final effort for a show of strength was made by J. S. McGown of Snyder, Okla., in delivering the response to the welcome for the state committee, in which an attempt was made to stampede the convention against the nomination of a state ticket. Instead of being swayed from its normal position, the convention resounded quickly to a cheer for "Frantz and a ticket," and delegates piled over one another in an effort to show how they stood. Later in the day the ticket idea was adopted by a vote of 1,311 to 249. Defeated at every turn, Hamon said: "I made a fight for a principle which I thought was best. What the party says to do suits me."

The convention met in a roomy tent into which an audience of 3,500 people crowded in the preliminaries. The music ran to purely patriotic tunes. Col. D. L. Sleeper, former speaker of the Ohio house of representatives, in giving a welcome, predicted among other things that with the right kind of a platform and the proper ticket the state could be carried by 30,000 majority.

In responding for the committee, J. S. McCowan of Snyder classed the convention's position as one to decide between honor and shame. W. J. Bryan the perennial presidential candidate, he said, first said the constitution was the best ever written, but since it has been amended he would no doubt declare it better than the sermon on the mount.

"It is not possible to nominate a ticket and pronounce against the constitution," he said. "We should turn it down. If the governor is elected he can he take the oath of office under that document? There have been governors of Oklahoma—"

The rest of the sentence was lost in the din and roar of the convention crying the speaker down. The anti-ticket people had started a demonstration as soon as McCowan suggested a fight on the constitution, but this was soon swamped by a greater one for the other side. When the demonstration started the Pioneer delegation, with standard flying and a large picture of Frantz, crowded to the platform, quickly joined by Garfield county, the governor's home, and the rapid addition of other standards until repudiation of the sentiment became near being unanimous. Cleveland county did not join, neither did Harper, Woods nor Wagoner. Tillman county was slow in starting. One delegate rushed forward with a pitchfork and took his place in line. For thirty minutes the cheering lasted and the response to the address of welcome was ended without peroration.

Ralph E. Campbell of McAlester, once secretary of the joint statehood committee, representing the Frantz idea, was elected temporary chairman after C. G. ones of Oklahoma City, the Hamon candidate withdrew.

### Constitution Condemned.

The platform committee has a 5,000 word document for adoption. It contains the following:

Tulsa, I. T., Aug. 1.—Gov. Frantz and his forces advocating the nomination of a state ticket by republicans, were easily successful in the state convention today, winning every point over the followers of Chairman Hamon from the temporary organization down. The Hamon strength at any time did not exceed 200 votes out of 1,574.

The administration of Roosevelt and Frantz was unqualifiedly endorsed, but nothing is said of a third term. The republican party is declared a party of statehood.

Silence is maintained on the prohibition question. A local option plank was stricken out by a vote of 33 to 25.

It is understood the whole report comes from the committee by a unanimous vote. It is admitted the report will draw opposition on account of the stand taken on the constitution, many favoring its rejection at the polls. Removal of restrictions is favored.

### Nominations Made.

At 2 o'clock this morning it is announced that the republican state convention will nominate Miss Kate Barnard, the democratic nominee for commissioner of charities, by acclamation.

J. H. Johnson was defeated for nomination for corporation commissioner by Grant Stanley of Oklahoma county, who opposed his selection in a speech in which he declared that Johnson had voted against Bird McGuire in 1904.

Johnson denied the accusation in an impassioned speech, but was defeated for the nomination by 200 votes. N. G. Turk, of Checotah, was named for lieutenant governor on the first ballot, and Thomas N. Robnett, of Ardmore, for secretary of state by acclamation.

The candidates for corporation commissioner are P. J. Dore, of Westville, I. T.; John Jensen, of Perry and John Cordell, of Wewoka.

S. H. Reid of El Reno, was nominated for attorney general and Mortimer Stilwell, of Bartlesville, for state treasurer.

A. D. Murlin of Oklahoma City, is the Frantz candidate for labor commissioner and G. A. Paul of Oklahoma City, for clerk of the supreme court.

The convention adjourned at 1 a. m., until 10 o'clock tomorrow.

### COTTON CONDITION REPORT

Memphis, Tenn., Aug. 1.—From reports from ginner, compresses and warehouse men of an average date of July 26, is shown the following:

|                | A. | B. | C.  |
|----------------|----|----|-----|
| Alabama        | 73 | 87 | 78  |
| Arkansas       | 71 | 82 | 71  |
| Georgia        | 84 | 94 | 98  |
| Louisiana      | 60 | 87 | 66  |
| Mississippi    | 73 | 86 | 78  |
| North Carolina | 78 | 92 | 98  |
| Ok. & I. T.    | 76 | 88 | 76  |
| South Carolina | 83 | 94 | 106 |
| Tennessee      | 89 | 78 | 69  |
| Texas          | 74 | 90 | 71  |

Averages ..... 75.7 88.2 78.7

(a) Condition. (b) Acreage to be picked compared with last year. (c) with good conditions from now on and an average frost, the estimated yield, compared to last year.

About 90 per cent of the reports wanted rain; the others had rain in the last few days. The hot dry weather has evidently damaged the crop in some sections, and unless rain comes within a few days serious damage will be done in the sections not yet receiving rain.

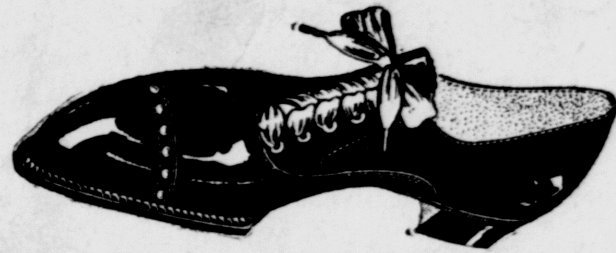

Boll Weevil.—Our reports from the prairie sections of Texas show that the weevils are letting up on account of hot, dry weather, but in the timber sections of Texas, Louisiana and Indian Territory serious damage is done. There are a good many reports of blight from Texas, and some boll worms from other sections, but not serious as yet.

Owing to the precarious condition of the crop at this time, these reports will be issued every two weeks.

J. A. Taylor, President.

Mr. Ben. Katz and family will move from Clinton, Ky., to Ada about September 1st.

ANOTHER MUTILATED BODY

Remains of Unknown Man Found Near Oklahoma City--Believed to be Work of Bloody Band

Oklahoma City, Aug. 2.—With a bullet hole in the face, another over the heart and two in the left arm, the ears severed from the head the body of an unidentified man was found Thursday afternoon three miles east of the city by G. F. Applegate and F. M. Magee, who were starting for an afternoon's fishing in West End lake. The man appears to have been less than 25 years old, of medium height and weight, with every indication that he was a laboring man.

The authorities hold to the theory that the man is a victim of an organized gang of murderers. They assert that the present crime was committed by the same gang that killed the man found in the box car at Chickasha only last week. In that case both ears were cut from the head of the victim.

D. A. Shriver, a farmer living near where the body was found, says he heard three or four shots Wednesday night. One of the strange features of the case is the finding of a human ear at Grand avenue and Hudson streets yesterday morning by a detective. It is believed the ear belongs to the body of the murdered man.

Authorities are making a rigid investigation of the affair, but so far have been completely baffled in finding a clue to the murderers.

**Chickasha Man Identified.**  
Chickasha, I. T., Aug. 2.—The body of the man found dead and mutilated here in a box car Saturday evening has been identified by parties from Tuttle as that of a man named Crawford, who had lived in that vicinity several months and who had been missing since last Thursday.

It was not until the body had been found in the city last evening and placed in the undertaking parlors of the Marshall company that the identification was affected. In the hasty examination of the body which he made when it was found, Dr. R. F. Schafer, the county coroner, overlooked, in the inside vest pocket a scrap of paper which furnished the only clue as to the identification of the dead man. This paper was found when the clothing was again searched after it was removed from the body at the undertakers.

On it was written:  
"In case of accident, please notify my mother, Mrs. Moses Nedean, Seminole, I. T., and my brother, Charles Genreth, 535 East Sixty-third street, Chicago."

Walter Wilbur Gunreth.

THE PONTOTOC DELEGATION.

Activity of Local Republicans in the Tulsa Convention.

After participating in the more important sessions of the state republican convention at Tulsa Thursday, Ed Brents, Dr. T. W. Chadwick, and W. E. Little left at 10 p. m. and arrived back in Ada this morning at three. All looked well preserved except Brents, whose fearful hoarseness shows he hollered entirely too much.

Besides the three named above, Pontotoc's delegation was composed of U. G. Winn, John W. Beard, A. H. Constant, J. M. Keltner and M. Johnson of Ada; H. A. Ward of Stonewall, H. A. Kroeger, S. M. Richey, and W. P. Chism of Francis; E. T. Norvell of Center, and Mr. Durbin of Frisco. Some of these went as substitutes for the delegates originally chosen.

The returning delegates are mighty sore about one incident: The credential committee, over the Pontotoc negroes in the convention. This, after the local organization had drawn the color line sharply, declaring the negroes should no longer have seats in the councils. Brents says this seating of the two negroes was done by the Creek Nation element, which dominated the credential committee.

It is said this county's delegation voted solidly with the Frantz element, for a full ticket and all the way through with the exception of Beard, Chism and the two negroes, the latter four going down to defeat with the Hamon forces.

When there came the stampede to the stage in support of Frantz and the full ticket idea they say John Beard tried to stop the Pontotoc crowd but couldn't. He and Brents both got hold of the delegation's standard and tore it in twain. But Brents took his half and joined the cheering majority.

From all reports there will probably be a full republican ticket nominated in this county. The sentiment of the convention was to so nominate in all counties, carrying the fight on down the line.

NEW LAWYER FOR THAW.

Former Texas Boy Will Conduct Next Trial of Celebrated Case.

New York, Aug. 2.—Martin W. Littleton of Brooklyn has been elected by Harry K. Thaw to conduct his next trial on the charge of killing Stanford White.

They announced the selection of Mr. Littleton yesterday after a conference with his mother and wife. It is said Mr. Littleton's fee will be \$25,000. It was Littleton who made the speech in the last national democratic convention at St. Louis nominating Alton B. Parker for president.

Littleton was reared in north Texas, where he has many boyhood acquaintances. Some years ago he cast his fortunes in Gotham, and he has made good.

## Caucus Chose Geo. Thompson.

At the caucus of democrats on the west side, composed of the 3rd and 4th wards, which constitute a separate precinct, George Thompson was unanimously chosen as a committeeman in the county organization. The caucus which was held at the city hall Thursday night, acted wisely in choosing Mr. Thompson, for he is a man of ripe experience and excellent judgment in political affairs.

All the county committeemen should have been selected at the recent primary election, but in some precincts, among them West Ada, no names were placed on the ticket for such position.

## Picnic at Bebee.

One of the most enjoyable affairs held in Pontotoc county this summer was the picnic at Bebee Thursday. There were abundant good things to eat, good speeches to hear, and a great variety of picnic pleasures.

M. Kirkwood, of Guthrie, made a strong address on the Anti-Horse Thief Association; Carlton Weaver spoke on the constitution and prohibition; T. D. McKeown and Robt. Wimbish on the various issues of the day.

## Bud Got Back.

About twelve days ago, Bud, aged 14, son of Uncle Dick Couch, got adventurous and decided to see some of the wide, wide world. Unceremoniously he left the parental roof and traveled south as far as Dallas where he worked manfully in the hay fields until he got sick. Bud and his dad are both mighty glad he got home.

There is no place like home, boys, when you are sick—or well either.

## Looks Like An Oil Town.

An uninformed stranger observing the Frisco side tracks today might think this Ada a great oil town. For the whole switch space, almost—is filled with oil tanks. There are 91 of them. They are all empty, temporarily stored here, enroute to Keifer to transport the crude product to refineries at Beaumont.

## New Store September 1st.

Katz and Rosenfield of Kentucky will open up a nice and up-to-date department store at Ada about September. They are now in the Eastern market buying a new stock of general merchandise. The above firm has 25 years business experience and will have the right goods at popular prices. 114-d-w-1w-to-9-1

## On Ladies' Night.

There was a large attendance of ladies and escorts at the 25,000 Club rooms last evening, it being ladies' night—a weekly event now in Ada's social circles.

## Prohib. Conference Today.

Revs. T. L. Rippey and M. A. Cassidy and Delegate Carlton Weaver are attending an important conference of prohibition leaders in Holdenville.

## Marriage Licenses.

J. M. Drake, 24, and Maudie Hoover, 18, Allen.  
Oscar Vansickle, 21, Sacred Heart, and Rosa Hughes, 22, Konawa.

Steve Cromwell of Frederick was a visitor in the city.

T. D. McKeown went to Muskogee on business with the department.

Mr. and Mrs. W. H. Ebey will entertain the 42 Club this evening.

Aaron Keltner, the Conway merchant, is visiting the county seat today.

Miss Irene Sparger of Purcell took the morning train for a visit with relatives in Bonham.

Frank and Miss Myrtle Cox of Konawa were here between trains as guests of Miss Aline Shands.

Mr. and Mrs. E. P. Higgins, after several weeks with relatives in the city, departed this morning for their home, McKinzie, Tenn.

Good soda is a fine beverage as we serve it, it is also a fine healthful tonic—all flavors 5 cents. Ice cream fruit sodas 10 cents at Gwin, Mays and Co.'s. 113-3t

Dr. N. B. Shands came in last night from Wewoka where and son Jesse, have bought a drug store. The family expects to move to that town some time this month.

Ed Lancaster and wife are in Perry, Okla., where for two weeks he has been undergoing treatment for a bad cancer on his lip. A letter from him to his brother Tom states that he is improving and has strong hopes of a complete recovery in time. He expects to remain in Perry for some time yet.

Quality considered, Ben Hur Flour is the cheapest you can buy. Waples-Platter by all leading grocers.

**OUR LINE OF NOTIONS** is full and complete. Don't growl if you get bit elsewhere on notion goods, where for the same money you could have bought of us.

Hairpins, wire, horn and aluminum. Side Combs, Back Combs, Horn Dressing Combs, metal back, 10c.

Gold Eye Needles, 2 papers 5c, others ask 5c a paper.

A line of new and popular Wrist Bags, 15c, 25c and 50c. Pocket Books 5c and 10c. We sell you a child's hose for 12½c which should be sold for 20c.

WRIGHT BROS.

## Fifty Lives Imperiled.

Ponca City, Okla., Aug 1—While running at a speed of fifty miles an hour Santa Fe passenger train number 16, northbound, left the track four miles south of Red Rock at 10:35 o'clock this forenoon, plunging down a 20 foot embankment, imperiling the lives of 50 passengers, many of them residents of Oklahoma and at least four of them from Oklahoma City, and injuring 32 persons, one of whom, the engineer, is dead.

The train was late and was going at a terrific rate of speed, when, with out apparent cause, the engine jumped the track and rolled down the embankment, taking the baggage car, mail car and two day coaches with it, a Pullman sleeper alone remaining on the rails.

Engineer Mac was caught in his engine as it turned over and was badly scalded by escaping steam that he died as the special that brought the injured to the city, reached the station here this evening. His injuries were horrible, the flesh being cooked from the bones in places on his body.

K. C. Parks was here from Byars.

G. H. Hunter, a railroad man of Denison, is in the city.

## For Sale.

One good milk cow. R. S. Tobin. 110-tf.

## From Canning Factory.

We the undersigned wish to say: That we have purchased the Canning Factory of D. J. Austin and will continue the business by assuming all contracts pro and con in regard to the factory.

We are prepared to can peaches, tomatoes, grapes, etc, in fact all fruits and vegetables. Will either buy your products or pack them on the shares. We want cucumbers for pickling and will buy them.

Yours truly,

M. B. Donaghey.  
W. M. McDalel.  
M. P. Donaghey.

## NEW DEMOCRATIC COMMITTEE.

### Members Meet and Perfect Organization.

Saturday afternoon members of the new County democratic committee—most of them elected at the primary—met at the city hall in Ada and proceeded to organize.

J. W. Hammond of Francis, vice chairman of the old committee, called the house to order.

By acclamation George Thompson of West Ada was elected chairman, as was S. T. McClure of Roff, secretary.

There was some discussion of practical methods of polling and organizing the county.

The attendance of this, the committee's first meeting was not large. Many precincts neglected to choose a committeeman at the primary election.

The secretary was instructed to notify all such precincts to hold caucuses at once, select some man, and send in his name.

The chairman and secretary were delegated authority to collect funds for campaign purposes. It is the sense of the body, just as soon as authentic copies of the revised constitution are received, to inaugurate a vigorous campaign in Pontotoc county.

## How He Got a Drink.

An Indiana traveling man told a story the other day of an incident on the road. He was in the smoking car of an express train reading his paper when a man rushed in from the car behind the smoker, evidently in great agitation and said: "Has anybody in this car any whisky? A woman in the car behind has fainted!" Instantly dozens of flasks were produced. The man who had asked for it picked out the largest one, drew the cork and put the bottle to his lips. With a long, satisfied sigh he handed the flask back, and remarked: "That did me a lot of good, and I needed it, for it always makes me feel queer to see a woman faint away!"

## Happiness.

Happiness in this world, when it comes, comes incidentally. Make it the object of pursuit, and it leads us a wild goose chase, and is never attained. Follow some other object, and very possibly we may find that we have caught happiness without dreaming of it, but likely enough it is gone the moment we say to ourselves, "Here it is!" Like the chind of gold that treasure-seekers find. . . . There is something more awful in happiness than in sorrow—the latter being earthly and finite, the former composed of the substance and texture of eternity so that spirits still embodied may well tremble at it.—Nathaniel Hawthorne.

## Real Hard Cider.

John Fair, a highly respected citizen of Montgomeryville, Armstrong county, has at his home a small keg containing several quarts of cider which was made by himself 51 years ago, says the Philadelphia Record. Altogether there were several kegs of the liquid, but now only a few quarts remain, and Mr. Fair is guarding that jealously. The cider is so old that it has turned black in color, and so strong that less than a teaspoonful will put a drinker in the Happy Land.

## An Explanation.

"Fat men are invariably honest," said the deep thinker, "and I believe it's because they are so sensitive about their fat." "I don't see what you mean?" "Well, if they should be dishonest, and get caught at it they might have to wear convict suits with the stripes running in the most unbecoming way."

## Ruskin on Manual Labor.

We are always in these days endeavoring to separate intellect and manual labor; we want one man to be always thinking and another to be always working, and we call one a gentleman, and the other an operative; whereas the workman ought often to be thinking, and the thinker often to be working, and both should be gentlemen in the best sense. As it is, we make both arrogant, but one envying, the other despising his brother; and the mass of society is made up of morbid thinkers and miserable workers!

## TRUE TO HIS PROMISE.

By Their Own Testimony, Doctor Had Rejuvenated Patients.

A German doctor who claimed to have discovered the secret of restoring youth, advertised in London that he could in two days rejuvenate the most decrepit man. This brought a crowd of ancient dames to his house. At the first interview he invited each patient to write her surname, Christian name and age on a piece of paper. The ages whereto they pleaded guilty varied, but all ruled high. The doctor undertook to give each patient the promised elixir next day. On the appointed day the doctor regretted that he unfortunately had mislaid the paper containing his youth-seekers' ages, and he, therefore, requested each one to write it down and call again. In writing down her age the second time each woman took many years off the age she previously had admitted. The doctor, pretending to have found the first papers, called them to witness, comparing the lists, that he had kept his word, inasmuch as in 48 hours they had all become many years younger.

## COTTON REPORT TO-DAY

The government cotton report issued at eleven a. m. Friday shows the condition of the crop, based on the status of July 25, to be 72 per cent as against 82.7 per cent a year ago.

As a result of this report the market jumped some 25 or 30 points closing about 15 points up—25 points up in New York, one-eight in New Orleans.

There will be one more report on condition, then will begin the ginner's reports.

The report was received over wire by W. A. Babb & Co., the new firm of cotton brokers which has just started an office in Ada. The News will publish, through courtesy of this firm, a daily summary of the market.

We have had presidential aspirants who were good duck shooting hunters and fine horsemen, and it is not improper to have one who is a good swimmer or wader. The escapade in Yellowstone carries its special lesson to ambitious statesmen. Much will be accomplished in a year if due attention is paid to the lesson.—Chicago Tribune.

"Ding's" cartoon in Sunday's Register and Leader, depicting the agony of a pass holder buying his first railroad ticket, almost brings tears to one's eyes. The writer began carrying annual passes and unlimited transportation when "Ding" was a small boy, and this week starts out on a 4,000-mile trip that cost more than he had previously paid for railroad fare in his whole life. Don't laugh boys; this is a serious occasion.—Knoxville (La.) Express.

## LIKE MEXICAN CHILE?

At the Mexican Chile Parlor, just opposite Dorland Hotel, you can get the best made. **Louis Lopez**, the proprietor, and **Delgoda**, the famous chile maker of Dallas, jointly secured. First Prize at the St. Louis Exposition in the chile making contest open to the world. Try a dish of Louis' make then you'll take some home to the family.

Also Short Orders and cold drinks served.

## THE VACATION OUTLAY

### MONEY SPENT BY CHICAGOANS EACH YEAR.

Total Estimated at \$37,500,000—Expense of Preparation for Outing Adds Much to Disbursements of Pleasure Seekers.

Chicago.—How much does the vacation season cost Chicago?

This question was put to several downtown merchants, and their answers, reduced to an average, make interesting facts.

Estimating the population of the city at 2,000,000, it is fair to assume that 500,000 of the inhabitants are either wage-earners or in business for themselves. Practically all these have vacations during the summer, from two weeks to a month in length. To estimate the average cost of these vaca-

tions would be something of a guess, but perhaps \$50 would be somewhere near the truth. Many persons spend much less than this sum, but the majority spend more.

The result of a simple multiplication problem shows a total of \$25,000,000, but this is by no means all. There remain to be added the vacation expenses of women and children who are not producers.

How many persons of this class go away from the city during the summer is another hard guess, but a conservative estimate would place the number on a par with the first estimate—500,000.

Fifty dollars a head may be too high a figure for this class of vacation travelers, for many of them are children, but if an average of \$25 is taken it will give a total of \$12,500,000.

Thus the total outside vacation expenses of Chicago people may be guessed at \$37,500,000.

These figures, however, do not include money spent in anticipation of the trips to be taken. They do not in-

clude vacation clothing, trunks, satchels, fishing tackle and all the hundreds of articles commonly laid in by the prospective vacation-maker. It is a conservative guess to say that these advance expenses will aggregate \$12,500,000.

The grand total, therefore, is \$50,000,000—all spent for pleasure and health during three or four months.

These figures, of course, do not pertain to the rich, but to the common people. If the summer expenses of the wealthy class were to be added, the total would be vastly larger. It is estimated that there are 5,000 families in Chicago which spend an average of \$2,000 for their summer outings.

Fifty million dollars, if distributed in lots of \$600, would support 62,500 families for a year, allowing each family \$50 a month, a sum about equal to the average wage.

When these figures are considered, it is easy to understand what merchants mean when they talk about the "dull months." With all these people out of town, and with \$37,500,000 turned into channels outside of the city, it naturally follows that merchants cut down expenses and sail close to the wind until Chicago money is once more turned into its natural channel.

### PLAGUE SWEPT INDIA.

In Ten Years There Have Been 4,411,212 Deaths—Mortality Increasing.

London.—During the first three and a half months of 1907 the deaths from the plague in India totalled 494,000, the heaviest monthly mortality yet reported during the epidemic. According to the Indian World this would appear to show that the present year will exhibit a record number of deaths.

The plague records for the ten years October, 1896, to December 1906, show that there was a large annual increase from 1901 to 1904, the deaths numbering 274,000 in 1901, 577,000 in 1902, 570,000 in 1903 and 1,022,000 in 1904, the worst year in ten years.

There was a small decrease in 1905, the deaths falling to 951,000, and a large decrease in 1906, when there were only 332,000. The total deaths for the whole ten years numbered 4,411,212. The improvement which was shown in the two years 1903 and 1906 has not, unfortunately, been maintained.

From the first appearance of the disease up to the year 1901 the mortality was greatest in the Bombay presidency, but from 1902 onward, with one exception, the worst area has been the Punjab, and in 1905 the deaths in the latter province alone numbered 364,625.

## DESSERT FOR HOT DAYS.

Puddings That Are Particularly Welcome in Hot Weather.

Puddings made with cornstarch and turned over oranges are apt to be bitter; so are most tapioca and orange puddings. Here is a new way: The sago or tapioca is cooked to a clear jelly in water in a double boiler and a pinch of salt added. Turn this into the juice of several oranges, mixed with plenty of sugar if they are tart. If too sweet, use a little lemon juice with them. Pour into a serving dish to cool and prepare two nice oranges for the top by cutting them, skin and all, into thin slices. Lay the slices prettily over the top and place on ice. In this way the heat does not draw out the bitter taste of the oranges.

Bread is often wasted that could be utilized in batter cakes or puddings. The queen of all puddings is an old-time favorite that can be put together without great trouble. Make it when eggs are plentiful in summer, for in winter it would not be an economical way to use the bread. One may find many recipes, with slight variations, but the usual amounts are the yolks of four eggs to a pint of bread crumbs, one quart of milk, the rind of a lemon grated and one cupful of sugar. This custard is baked. Then it is spread with either strawberry or raspberry jam or currant jelly.

The whites of the eggs are beaten stiff with a cupful of powdered sugar in which some of the lemon juice has been mixed, the rind only being used in the custard part of the pudding. This is nice either freshly baked or when cold. When ready serve cream with it. Some recipes call for less sugar in the meringue and others suggest simply heaping up the beaten whites of the eggs and dredging sugar over them just before returning to the oven to cook the meringue.

### THE PORCH IN SUMMER.

Cushions and Pillows That Make for Real Comfort.

For porch furnishing and for the summer parlor couch there is nothing smarter than big cushions or square pillows of down, covered with the brilliant plaided material of fine spun cotton known as madras. Just why the East Indian name should be applied to a material made in the West Indies it would be hard to say.

A deep garnet, crossed with golden bars, or narrow lines of deepest stem green, is blocked with white or yellow. Amber tones, a glowing yellow like the yolk of an egg are combined with deepest marine blue, or a chestnut brown. The plaided arrangement is utterly unlike that of the Scottish tartans, and always more vivid in coloring.

These stunning cushions make a background most becoming to the face of the summer girl.

Be sure that the corner of your cushions show "turban ends," small twists of hemmed madras shaped like bat's wings. These are exactly imitated from the tightly pulled knots with which the old-time plantation "aunties" used to tie their much-prized turbans.

### How to Launder Kerchiefs.

When washing handkerchiefs put a small muslin bag containing a little arrowroot in the water in which they are boiled. This will give them a faint but agreeable scent when ironed. If borax is added to the rinse water it will give the sheer handkerchiefs a little body without making them harsh as when stiffened with starch.

Then when ironing the handkerchiefs an excellent plan is to fold all torn or ragged ones in a three-cornered shape, while those that are in perfect condition may be folded square. If the members of the household are taught the significance of the different shapes they will often be saved from the embarrassment of opening up a ragged handkerchief, which was apparently respectable when neatly folded.

### Crab Jambalaya.

Throw live crabs into boiling salted water and boil until the shells turn red. Take from the fire, cool, then pick the meat from the shells. Put a tablespoonful lard or pork drippings in a deep pot (an iron pot is best), add a large onion chopped fine. When browned add a tablespoonful flour, and as soon as browned and blended a cupful tomato. When thickened and smooth add three pints boiling water or hot stock and then a cupful rice. Boil until the rice is done, stirring frequently. Season with salt, pepper, parsley, celery salt. Lastly add the crab meat, cook ten or 15 minutes and serve.

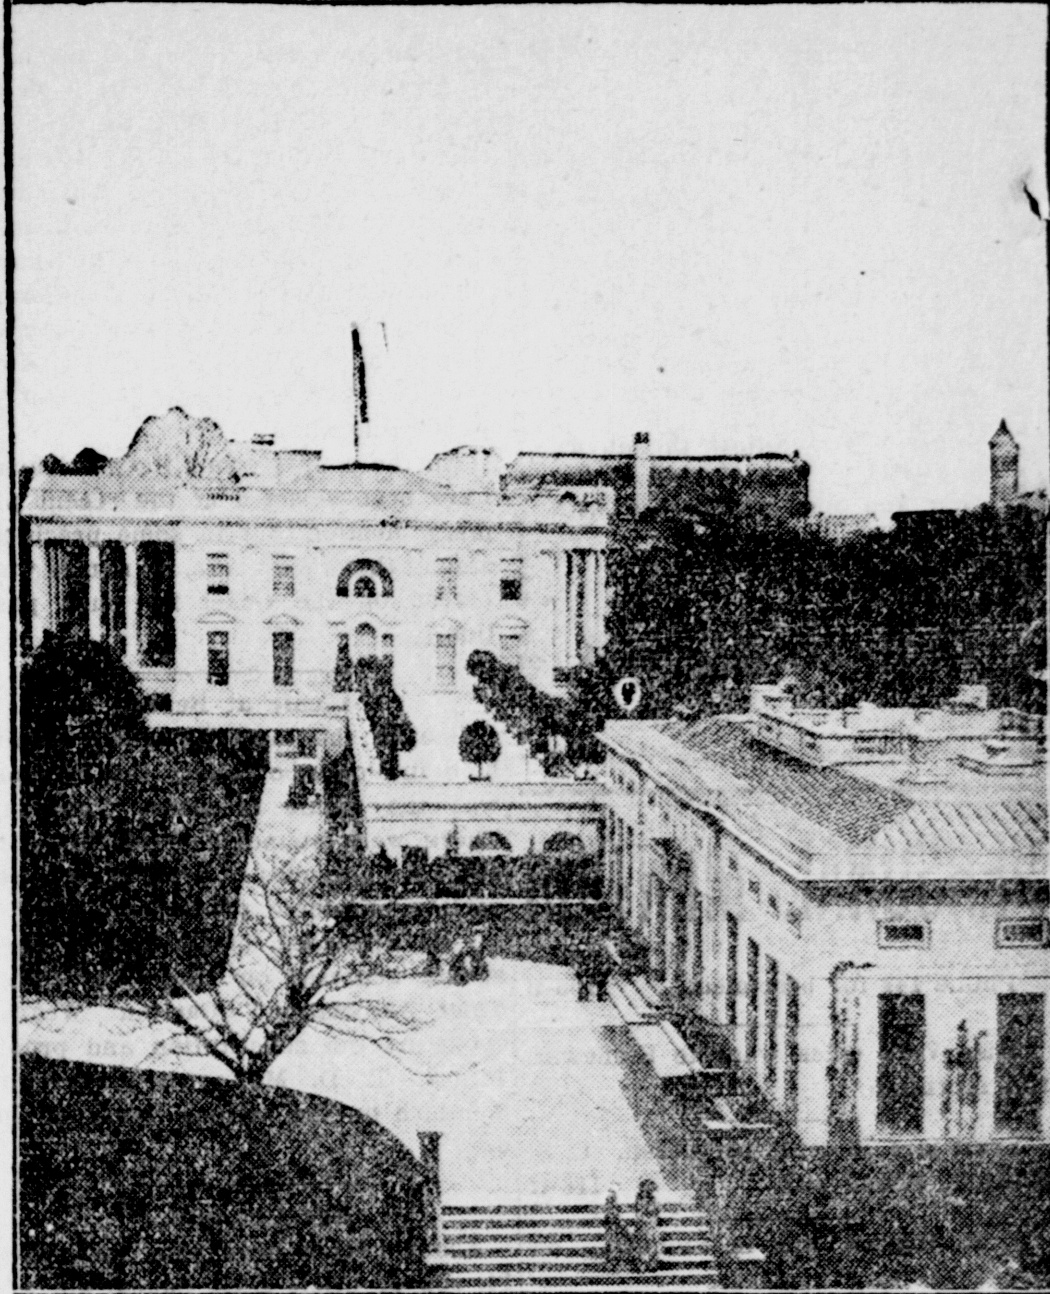

### Chiffonade Salad.

This is an excellent way to use up vegetable leftovers. Have for your foundation a bed of crisp white lettuce heart leaves. On one-quarter of the salad dish or platter arrange a mound of cold string beans; on another quarter arrange some asparagus tips and on the last cold beets with chopped white of eggs and yolks pressed through a vegetable press. Pour French dressing over all, mix the vegetables together before serving and be sure to have all ice cold.

### Inexpensive Turnover.

As a rule the embroidery on hemstitched handkerchiefs is much finer than that on the turnovers one buys in the stores. When these handkerchiefs become worn in the middle cut out the four sides, sew narrow bands on, and you will have four pretty turnovers. Especially is this true when you have fine linen handkerchiefs.

## HOME OF THE PRESIDENT

From stereograph, copyright, by Underwood & Underwood, N. Y.  
Looking east from a window of the Navy department building showing White House with Executive office in the foreground.

## MAINE HAS A UTOPIA

COMMUNITY OF TEMPERANCE ADVOCATES THRIVES.

Vice Unheard of in Benedicta—Is Without Jail, Poorhouse, Free from Debt and Has Cash on Hand.

Boston.—Benedicta, in Maine, is the Roman Catholic Utopia and the dream of the W. C. T. U. come true. It is tabloided Home Rule. Irish Catholics settled in it. Their descendants, sturdy Americans, run it. Only Catholics live there now, and probably only Catholics will ever live there. It is crimeless, jailless, poorhouseless, free from debt and ideally administered.

As a community Benedicta is more ideal than Moore's "Utopia" or Bacon's "New Atlantis." Though 40 miles from any other town and 100 miles from a railroad, Benedicta has electric light service, a municipal water supply, several fine buildings, and all the conveniences of a thoroughly modern city.

Benedicta is not only free from debt, but has a surplus in the treasury. Moreover there is not a poor family in the place and there never has been any occasion for the establishment of any of the usual institutions for the poverty stricken or peace breakers.

When Fenwick started his colony he purchased more than 12,000 acres of fertile timber lands, comprising the western half of a township in Aroostook county. There he began to build up an ideal community of temperance residents.

Though many of the younger generation have gone to cities for work, leaving their elders on farms, the census of 1900 showed that the colony numbered 350 persons.

## WEST LENDS TO EAST

FARMERS OF PRAIRIES SEND WALL STREET FUNDS.

Tillers of the Soil, with All Mortgages Gone, Furnish Money for Stock Operations and Buy Machinery.

Omaha, Neb.—The day has arrived when the farmer in the west is lending money to the banker in the east.

From a state of almost ruin ten years ago and a rebuffed supplicant at the feet of the Wall street brokers he has become a financial power, from whom those same brokers are begging money.

He has paid his mortgages, improved his farms, erected buildings and put thousands of dollars into the latest machinery. He has laid up a surplus of wealth, and the banks are stacked up with his wealth, even as his granaries are overflowing.

The state of Nebraska alone recently in one week sent to eastern cities \$7,000,000, every cent of it on short-time loans, and intended to relieve the financial stringency there.

"The demand for money by New York and other eastern financial centers has been the largest in our history," said the cashier of one of the large Omaha banks. "Our bank has carried a great amount of eastern short-time loans, known as commercial paper, for several months, and I understand other national and savings banks are doing the same thing. The demand recently, however, has been greater than ever before."

"The deposits in Omaha and other Nebraskan banks are 20 per cent.

Benedicta got its charter as a town in 1874, the name being bestowed in honor of its founder.

The nearest place where any liquor can be bought is Houlton, 44 miles away through the woods to the east, and the nearest point of railway connection is Bangor, more than 100 miles to the south.

### NEW RECORD IN JUNE BRIDES.

One Every Thirteen Minutes for the Month in Chicago.

Chicago.—While you read these words, stop and think! Chicago has 3,300 June brides to-day! The love bug has been working overtime and has broken all records.

Three thousand three hundred June brides! That means 110 brides a day or one every 13 minutes!

Hymen, Cupid & Co. report the most prosperous month since the firm was established.

Last year there were 3,103 June brides; in 1905, 2,907; 1904, the record was 2,758.

Marriage License Clerk Salmonson, the man who has opened the door of wedded happiness to hundreds and hundreds of thousands of Chicagoans and others, preached a little lay sermon the other day for June brides. These are the points on which he laid stress:

1. Love your husband always.
2. Be his companion, his friend, his chum.
3. Never, never be suspicious or nagging.
4. Study his tastes and give him what he likes.
5. Get up and cook his breakfast for him.
6. Make his home as attractive for him as you can—as attractive as the club or the saloon.

larger than a year ago, and money never was so plentiful. The west is particularly fortunate to have this cash at this time, when loans in the east are demanding good premiums, and this condition is largely indicative of the prosperity of Nebraska agricultural interests resulting from bountiful crops.

"The Nebraska farmers are buying more machinery, building material and live stock than for many years. They have had several good crops in succession, and they are all on 'easy street.' The sale of their products has brought much money to the state, and this has gone mostly into local banks, which carry their cash balances in Omaha national banks. Comparatively few mortgages are held."

"The money made by the farmers has piled up in the banks until it became necessary to seek short-time loans in the east. Eastern borrowers have not been slow to ask for these loans, however, and eight of the largest Omaha institutions receive daily quotations on eastern securities. Most of these loans are placed through New York and Boston financial institutions which act as brokers."

### 52 Gotham Murders In Month.

New York.—Four hundred and ninety-eight deaths were reported to the coroner's office in June. According to the monthly report of Chief Clerk Jacob E. Bausch, 236 were due to violence or accident, the remaining 262 being sudden deaths due to natural causes. Of the deaths by violence or accident 52 were homicides and 29 were suicides. Thirty-nine bodies were found floating in the rivers. Sixteen persons were killed by carriages or wagons, 15 by the street railways and three by automobiles.

## LOOKING DOWN ON A SEA OF CLOUD

Marvelous sunrise effect from the summit of Mount Fujiyama, Japan; Fujiyama is the loftiest mountain in the island, and rises 12,365 feet above the level of the sea; the crater is 500 feet deep.

## PIE WILL SOON BE A LUXURY.

Pure Food Law Will Raise Price of Desert and Other Things.

Washington.—The operations of the federal pure food law are plainly going to add still further to the cost of living in American homes. How much the increase will be can only be estimated thus far.

The manufacturers whose products and methods will require to be changed in order to comply with new regulations can only guess at the expense of the changes. But speaking broadly, the use of preservatives and coloring matter has made it possible to sell many staple articles to the public for less money than they can be sold for when these are not used.

Take the single list of canned fruits and vegetables, pickles, preserves, jams, jellies, catchups and the like. Coloring and preserving matters are used in these. Some manufacturers claim to produce them without preservatives, but the housewife who wants to know how much is saved by the privilege of using these things will be able to learn by asking her grocer the difference in price between the goods that are guaranteed to be free from these seasonings and those which are not.

She will learn that for the greater part the articles guaranteed to be free of such preservatives or coloring mat-

ter constitute the limited aristocracy of food articles, at prices which make them the luxuries of the comparative few.

Pie at any rate is going up when ever sodium benzoate is denied to the makers of the insides. The slice which now sells at five cents will command ten, and the ten-cent portion will go for not less than 15, according to the dire predictions of the pie purveyors. Pie will become the luxury of the rich rather than the staple of the bourgeois dyspeptic.

### Plans Post Offices for Liners.

Washington.—If Second Assistant Postmaster General McCleary succeeds in some plans he has in mind sea post offices will be established on the ships of the Cunard and the French Steamship companies' lines, the only transatlantic liners which are equipped with postal facilities. Overtures have been made to these two companies looking to the equipment of post offices on their ships. Mr. McCleary will go to Europe soon to investigate certain postal affairs. While abroad he will confer with the officers of the two steamship lines and endeavor to complete arrangements by which American and foreign employees will be placed on each one of the vessels of these two lines.

## PAYS \$3,600 FOR A DOLLAR.

Collector Gets a Silver Coin Stamped 103 Years Ago.

Philadelphia.—A single United States silver dollar of the coinage of 1804 brought \$3,600 here the other day at the sale of the collection of the late M. A. Stickney, the best price during the sale except \$6,200, which a dealer paid for a famous Brasher's New York doubloon, the face value of which is only \$16.

There are but six specimens of the 1804 dollar known to be extant, one of which is now at the mint in this city. Stickney received the rare coin on May 9, 1843, from the local mint in exchange for other coin.

It weighs a trifle less than 415 grains, and, having been kept in a chamoise bag, it is extremely fine and brilliant.

Before it changed hands again today at the end of 64 years, dealers and collectors vied with one another in raising its value with their spirited bidding. Mr. Chapman, who finally carried it off, opened the bidding with \$1,000. His competitors run the price up in jumps of \$250 at a time, until the price had soared to \$3,000. Then Mr. Chapman's bid of \$3,600 got the treasure.

Equally interesting was the bidding for an 1815 United States half eagle, which was finally captured by S. H. Chapman for \$2,000. This coin is of great rarity, there being only six extant.

## NEW YORK LEADS WORLD.

Surpasses Even London in Wealth and Variety of Business.

New York.—This city, which ranks second among the world's cities in population, largely surpasses London in wealth and in the volume and variety of its business activities. The United States passed England in extent of manufactures in 1880, in iron and steel production in 1895 and in coal output in 1900, and its leadership in each of these fields is rapidly lengthening.

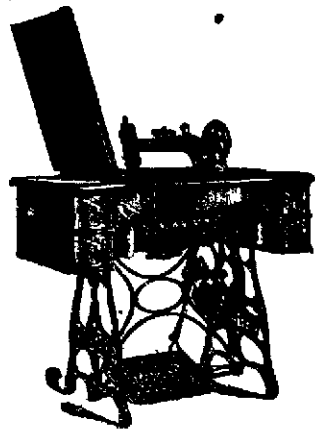

New York city is the business capital of a country which produces 20 per cent. of the world's wheat, 25 per cent. of its gold, 33 per cent. of its coal, 35 per cent. of its manufactures, 40 per cent. of its iron, 42 per cent. of its steel, 52 per cent. of its petroleum, 55 per cent. of its copper, 70 per cent. of its cotton and 80 per cent. of its corn.

The wealth of the United States in 1907 is \$118,000,000,000, or as much as that of its two nearest rivals—Great Britain and France—in the aggregate. As the United States' natural resources are only in the early stage of their development and as its supremacy over the rest of its old time rivals is steadily increasing, its social and business leadership in the world is assured.

## Sewing Machines EASY PAYMENTS

A sewing machine is a household necessity, so expensive that few people care to pay the price in spot cash. To meet this difficulty and to put them in the reach of every family I am prepared to sell you a first class machine on easy payment plan. You make a small cash payment and pay the balance in small payments to suit you. I handle both the New Home and Standard.

This cut represents one of the New Home machines, drop head, automatic lift and ball bearing. Sewell front woodwork. If any part of this machine ever proves defective it will be replaced free of charge.

**\$45**

\$5 cash, balance to suit purchaser in weekly payments

### STANDARD SEWING MACHINES

We have the Standard Sewing Machine at prices ranging from \$40.00 down to \$25.00 and are prepared to give you the most liberal terms ever offered for sewing machines. If you want a sewing machine come to see us and we will arrange a deal for you that will enable you to make the machine pay for itself.

### FURNITURE

We are still offering our large line of furniture on the easy payment plan. If you don't buy it is your own fault.

### UNDER A KING

We have a large line of undertaking goods and can sell you caskets and caskets at reasonable prices.

We invite you to call and in estimate our prices and our way of doing business. I am sure we can please and we guarantee our goods.

## EASY VICTORY FOR FRANTZ

### Governor had Brutal Majority and Dominated Every Move of the Tulsa Convention--Slight Concession in State Chairmanship

Tulsa, Aug. 1.—Gov. Frantz and his forces advocating the nomination of a state ticket by republicans were easily successful in the state convention today, winning every point over the followers of Chairman Hamon from the temporary organization down to the Hamon strength at any time did not exceed 200 votes out of 1574.

In the matter of state chairmanship friends of the Hamon movement offered a compromise by agreeing to withdraw opposition to a state ticket and any platform expression providing a Harris of Wagoner a staunch Hamon follower would be accepted by Frantz. This offer was refused. A agreement has been reached however between Oklahoma and Indian Territory which it is believed will go through with little opposition. The terms accord Gov. Frantz privilege to name Charles Hunter of Oklahoma City as state chairman and Ed Perry of Coalgate as vice chairman. Hunter is to be supreme in matters affecting the Oklahoma side while Perry is similarly recognized as to Indian Territory. This agreement eliminates the opposition.

Hamon's final effort for a show of strength was made by T. S. McGowan of Snyder, Okla. in delivering the response to the welcome for the state committee in which an attempt was made to stampede the convention against the nomination of a state ticket. Instead of being swayed from its normal position the convention responded quickly to a cheer for Frantz and a ticket and delegates piled over one another in an effort to show how they stood. Later in the day the ticket idea was adopted by a vote of 1411 to 149. Defeated at every turn Hamon said "I made a fight for a principle which I thought was best. What the party says to do suits me."

The convention met in a roomy tent into which an audience of 3,000 people crowded in the preliminary times. The music and to patriotic tunes. Col. D. I. Skupper, former speaker of the Ohio house of representatives, in giving a welcome predicted among other things that with the right kind of a platform and the proper ticket the state could be carried by 70,000 majority.

In responding for the committee T. S. McGowan of Snyder classed the convention's position as one to decide between honor and shame. W. I. Bryan the perennial presidential candidate he said first said the constitution was the best ever written but since it has been amended he would no doubt declare it better than the sermon on the mount.

It is not possible to nominate a ticket and pronounce against the constitution, he said. We should turn it down. If the governor is elected he can take the oath of office under that document. There have been governors of Oklahoma.

The rest of the sentence was lost in the din and roar of the convention crying the speaker down. The anti ticket people had started a demonstration as soon as McGowan suggested a fight on the constitution but this was soon swamped by a greater one for the other side. When the demonstration started the Pioneer delegation with standard flying and a large picture of Frantz crowded to the platform quickly joined by Gufield county the governor's home and the rapid addition of other standards until repudiation of the sentiment became a being unanimous. Cleveland county did not join in this did Harper Wood and Wagoner. Tillman county was slow in joining. One delegate just a few feet with a pitchfork and took his place in the line. For thirty minutes the cheering lasted and the response to the address of welcome was loud and without reservation.

Edith E. Campbell of McAlester secretary of the 1907 statehood committee presented the Frantz idea was elected temporary chairman. The C. C. Jones of Oklahoma City the Hamon candidate withdrew.

Constitutional Conference. The platform committee has a 5,000 word document for adoption. It con-

demands the constitution in detail, declaring it unreplicable in form but does not ask the vote for or against it. The report asks that if the constitution is to be further amended that the convention do so at once.

The administration of Roosevelt and Frantz was unqualifiedly endorsed but nothing is said of a third term. The republican party is declared a party of statehood.

Silence is maintained on the prohibition question. A local option plank was stricken out by a vote of 83 to 25. It is understood the whole report comes from the committee by a unanimous vote. It is admitted the report will draw opposition on account of the stand taken on the constitution many favoring its rejection at the polls. Removal of restrictions is favored.

### Nominations Made.

At 2 o'clock this morning it is announced that the republican state convention will nominate Miss Kate Bunnard the democratic nominee for commissioner of charities by acclamation.

J. H. Johnson was defeated for nomination for corporation commissioner by Grant Stanley of Oklahoma county who opposed his selection in a speech in which he declared that Johnson had voted against Bird McGuire in 1904.

Johnson denied the accusation in an impassioned speech but was defeated for the nomination by 200 votes. N. G. Turk of Checotah was named for lieutenant governor on the first ballot and Thomas V. Robnett of Ardmore for secretary of state by acclamation.

The candidates for corporation commissioner are P. I. Dore of Westville, I. F. Johnson of Perry and John Cordell of Wewoka.

S. H. Reid of El Reno was nominated for attorney general and Mortimer Stillwell of Bartlesville for state treasurer.

A. D. Murlin of Oklahoma City is the Frantz candidate for labor commissioner and G. A. Paul of Oklahoma City for clerk of the supreme court.

The convention adjourned at 1 a.m. until 10 o'clock tomorrow.

## COTTON CONDITION REPORT

Memphis, Tenn. Aug. 1.—From reports from gunners compresses and warehouse men of an average date of July 26 is shown the following:

|                | A  | B  | C   |
|----------------|----|----|-----|
| Alabama        | 73 | 87 | 78  |
| Arkansas       | 71 | 82 | 71  |
| Georgia        | 81 | 94 | 98  |
| Louisiana      | 60 | 87 | 66  |
| Mississippi    | 73 | 86 | 78  |
| North Carolina | 78 | 92 | 98  |
| Ok. & I. T.    | 76 | 88 | 76  |
| South Carolina | 83 | 94 | 106 |
| Tennessee      | 83 | 78 | 69  |
| Texas          | 74 | 90 | 71  |

Averages 75.7 88.2 75.7  
\*(a) Condition (b) Acreage to be picked compared with last year (c) with good conditions from now on and an average frost the estimated yield compared to last year.

About 90 per cent of the reports wanted rain the others had rain in the last few days. The hot dry weather has evidently damaged the crop in some sections and unless rain comes within a few days serious damage will be done in the sections not yet receiving rain.

Holl Weeden of report from the prairie sections of Texas show that the weevils are doing up on account of hot dry weather but in the thin sections of Texas Louisiana and Indian Territory a serious damage is done. There are a good many reports of blight from Texas and some boll worms from other sections but not in Texas as yet.

Owing to the precarious condition of the crop at this time there reports will be issued every two weeks.

J. A. Taylor President.  
Mr. Ben Katz and family will move from Clinton Ky. to Ada about September 1st.

## LOW CUT SHOES at Clearance Prices

The Douglas Shoes are made to fit. Back of this is the carefully selected leather and the particular workmanship which makes that perfect fit last as long as the shoe. You can get them now at

# ANOTHER MUTILATED BODY

## Remains of Unknown Man Found Near Oklahoma City--Believed to be Work of Bloody Band

Oklahoma City, Aug. 2.—With a bullet hole in the face, another over the heart and two in the left arm, the body of an unidentified man was found Thursday afternoon three miles east of the city by G. I. Applegate and M. Magee, who were starting for an afternoon's fishing in West Land lake. The man appears to have been less than 25 years old, of medium height and weight with every indication that he was a laboring man.

The authorities hold to the theory that the man is a victim of an organized gang of murderers. They assert that the present crime was committed by the same gang that killed the man found in the box car at Chickasha only last week. In that case both ears were cut from the head of the victim.

D. A. Shriver, a farmer living near where the body was found, says he heard three or four shots Wednesday night. One of the strange features of the case is the finding of a human ear at Grand Avenue and Hudson streets yesterday morning by a detective. It is believed the ear belongs to the body of the murdered man.

Authorities are making a night investigation of the affair, but so far have been completely baffled in finding a clue to the murderers.

## THE PONTIAC DELEGATION

Activity of Local Republicans in the Tulsa Convention.

After putting along in the more important sessions of the state republican convention at Tulsa Thursday, Ed Brents, Dr. J. W. Chittwick and W. I. Little left at 10 p. m. and arrived back in Ada this morning at three. All looked well preserved except Brents, whose mental housework shows he had been utterly too much.

Brents, the three named above, Pontiac's delegation was composed of U. G. Winn, John W. Board, A. B. Constance, J. M. Keltner and M. Johnson (of Ada), H. A. Ward of Stomwill, B. A. Kroeger, S. M. Richy and W. P. Chism of Francis, J. L. Norvell of Cent. 1 and Mr. Durbin of Iroquo. Some of these went as substitutes for the delegates originally chosen.

The remaining delegates in majority were about as usual in the central committee over the Iroquo. The two Pontiac delegates in the convention. This after the local organization had drawn the color line, fully declaring the negroes should no longer have seats in the councils. The delegates sitting of the two groups was long by the Creek Nation element, which dominated the central committee.

It is said this county's delegation voted solidly with the Iroquo element for a full ticket and all the way through with the exception of David Chism and the two negroes, the latter four going down to defeat with the Harmon forces.

When there came the stampede to the stage in support of Iroquo and the full ticket idea they say John Board, tried to stop the Pontiac crowd but couldn't. He and Brents both got hold of the delegates' standard and tore it in twain. But Brents took his half and joined the cheering majority.

From all reports there will probably be a full republican ticket nominated in this county. The sentiment of the convention was to so nominate in all counties carrying the fight on down the line.

## NEW LAWYER FOR THAW.

Former Texas Boy Will Conduct Next Trial of Celebrated Case.

New York Aug. 2.—Martin W. Littleton of Brooklyn has been elected by Harry K. Thaw to conduct his next trial on the charge of killing Stanford White.

They announced the selection of Mr. Littleton yesterday after a conference with his mother and wife. It is said Mr. Littleton's fee will be \$25,000. It was Littleton who made the speech in the last national democratic convention at St. Louis nominating Alton B. Parker for president.

Littleton was reared in north Texas where he has many boyhood acquaintances. Some years ago he cast his fortunes in Gotham and he has made good.

## Chickasha Man Identified.

Chickasha, I. T., Aug. 2.—The body of the man found dead and mutilated here in a box car Saturday evening has been identified by parties from Little as that of a man named Crawford who had lived in that vicinity several months and who had been missing since last Thursday.

It was not until the body had been found in the city last evening and placed in the undertaking parlors of the Marshall company that the identification was affected. In the busy examination of the body which he made when it was found Dr. R. P. Schafer, the county coroner, over looked in the inside vest pocket a scrap of paper which furnished the only clue as to the identification of the dead man. This paper was found when the clothing was again searched after it was removed from the body at the undertakers.

On it was written:

In case of accident please notify my mother Mrs. Moses Nelson, Semi nole, I. T. and my brother Charles, Chicago. East Sixty-third street.

Chicago. Walter William Gumbath.

\$3.50 SHOES ON EARTH

CHAPMAN

The Shoe Man

### Caucus Chose Geo. Thompson.

At the caucus of democrats on the west side, composed of the 3rd and 4th wards, which constitute a separate precinct, George Thompson was unanimously chosen as a committeeman in the county organization. The caucus which was held at the city hall Thursday night, acted wisely in choosing Mr. Thompson, for he is a man of ripe experience and excellent judgment in political affairs.

All the county committeemen should have been selected at the recent primary election, but in some precincts, among them West Ada, no names were placed on the ticket for such position.

### Picnic at Bebe.

One of the most enjoyable affairs held in Pontotoc county this summer was the picnic at Bebe Thursday. There were abundant good things to eat, good speeches to hear, and a great variety of picnic pleasures.

M. Kirkwood, of Guthrie, made a strong address on the Anti-Horse Thief Association; Carlton Weaver spoke on the constitution and prohibition; T. D. McKeown and Robt. Wimbush on the various issues of the day.

### Bud Got Back.

About twelve days ago, Bud, aged 14, son of Uncle Dick Couch, got adventurous and decided to see some of the wide, wide world. Unceremoniously he left the parental roof and traveled south as far as Dallas where he worked manfully in the hay fields until he got sick. Bud and his dad are both mighty glad he got home.

There is no place like home, boys, when you are sick—or well either.

### Looks Like An Oil Town.

An uninformed stranger observing the Frisco side tracks today might think this Ada a great oil town. For the whole switch space, almost—is filled with oil tanks. There are 91 of them. They are all empties, temporarily stored here, enroute to Keifer to transport the crude product to refineries at Beaumont.

### New Store September 1st.

Katz and Rosenfield of Kentucky will open up a nice and up-to-date department store at Ada about September. They are now in the Eastern market buying a new stock of general merchandise. The above firm has 25 years business experience and will have the right goods at popular prices. 111-17-18-19-20-21

### On Ladies' Night.

There was a large attendance of ladies and escorts at the 25,000 Club rooms last evening, it being ladies' night—a weekly event now in Ada's social circles.

### Prohib. Conference Today.

Revs. F. L. Rippey and M. A. Cassidy and Delegate Carlton Weaver are attending an important conference of prohibition leaders in Holdenville.

### Marriage Licenses.

J. M. Prince, 27, and Maudie Hoover, 18, Ada; Oscar Vannickle, 21, Sacred Heart, and Rosa Hughes, 22, Konawa.

Steve Cronwell of Frederick was a visitor in the city.

T. D. McKeown went to Muskogee on business with the department.

Mr. and Mrs. W. H. Ebey will entertain the 42 Club this evening.

Aaron Keltner, the Conway merchant, is visiting the county seat today.

Miss Irene Sparger of Purcell took the morning train for a visit with relatives in Bonham.

Frank and Miss Myrtle Cox of Konawa were here between trains as guests of Miss Aline Shands.

Mr. and Mrs. E. P. Higgins, after several weeks with relatives in the city, departed this morning for their home, McKinzie, Tenn.

Good soda is a fine beverage as we serve it, it is also a fine healthful tonic—all flavors 5 cents. Ice cream fruit sodas 10 cents at Gwin, Mays and Co.'s. 113-37

Dr. N. B. Shands came in last night from Wewoka where and son Jesse, have bought a drug store. The family expects to move to that town some time this month.

Ed Lancaster and wife are in Perry, Okla., where for two weeks he has been undergoing treatment for a bad cancer on his lip. A letter from him to his brother Tom states that he is improving and has strong hopes of a complete recovery in time. He expects to remain in Perry for some time yet.

Quality considered, Ben Hur Flour is the cheapest you can buy. Handled by all leading grocers. Waples-Platter Gro. Co., Ada, I. T.

### OUR LINE OF NOTIONS

is full and complete. Don't growl if you get bit elsewhere on notion goods, where for the same money you could have bought of us.

Hairpins, wire, horn and aluminum. Side Combs, Back Combs. Horn Dressing Combs, metal back, 10c.

Gold Eye Needles, 2 papers 5c, others ask 5c a paper.

A line of new and popular Wrist Bags, 15c, 25c and 50c. Pocket Books 5c and 10c.

We sell you a child's hose for 12 1/2c which should be sold for 20c.

We sell our Ladies' Hose at 9c, 12 1/2c, 15c. We can save you money on every pair you buy.

We sell you Men's Hose for 6c, 8c, 12 1/2c, 16 2/3c and what we said of the ladies' hose holds good here also.

We save you money on Shoe Laces, Buttons, Thread, Laces, and everything we sell.

We save you money on fruit jars.

Quart size 64c per dozen. Half gallon size 74c per dozen.

## The Old O. K. MEAT MARKET

is now conducted by Wright Bros. the old time meat market men of Ada, who will be pleased to meet all their old time customers. Fresh and cured meats. Pure home rendered hog lard. Come in and see us. Courteous treatment. Freshness of meats.

WRIGHT BROS.

### Fifty Lives Imperiled.

Ponca City, Okla., Aug 1.—While running at a speed of fifty miles an hour Santa Fe passenger train number 16, northbound, left the track four miles south of Red Rock at 10.35 o'clock this forenoon, plunging down a 20 foot embankment, imperiling the lives of 50 passengers, many of them residents of Oklahoma and at least four of them from Oklahoma City, and injuring 32 persons, one of whom, the engineer, is dead.

The train was late and was going at a terrific rate of speed, when, with out apparent cause, the engine jumped the track and rolled down the embankment, taking the baggage car, mail car and two day coaches with it, a Pullman sleeper alone remaining on the rails.

Engineer Mac was caught in his engine as it turned over and was so badly scalded by escaping steam that he died as the special that brought the injured to the city, reached the station here this evening. His injuries were horrible, the flesh being cooked from the bones in places on his body.

K. C. Parks was here from Byars.

G. H. Hunter, a railroad man of Denison, is in the city.

### For Sale.

One good milk cow. R. S. Tobin. 110-17.

### From Canning Factory.

We the undersigned wish to say: That we have purchased the Canning Factory of D. J. Austin and will continue the business by assuming all contracts pro and con in regard to the factory.

We are prepared to can peaches, tomatoes, grapes, etc., in fact all fruits and vegetables. Will either buy your products or pack them on the shares. We want cucumbers for pickling and will buy them.

Yours truly,

M. B. Donaghey.  
W. M. McDalei.  
M. P. Donaghey.  
M. P. Donaghey.

## NEW DEMOCRATIC COMMITTEE.

### Members Meet and Perfect Organization.

Saturday afternoon members of the new County democratic committee—most of them elected at the primary—met at the city hall in Ada and proceeded to organize.

J. W. Hammond of Francis, vice chairman of the old committee, called the house to order.

By acclamation George Thompson of West Ada was elected chairman, as was S. T. McClure of Roff, secretary.

There was some discussion of practical methods of polling and organizing the county.

The attendance of this, the committee's first meeting was not large. Many precincts neglected to choose a committeeman at the primary election.

The secretary was instructed to notify all such precincts to hold caucuses at once, select some man, and send in his name.

The chairman and secretary were delegated authority to collect funds for campaign purposes. It is the sense of the body, just as soon as authentic copies of the revised constitution are received, to inaugurate a vigorous campaign in Pontotoc county.

### How He Got a Drink.

An Indiana traveling man told a story the other day of an incident on the road. He was in the smoking car of an express train reading his paper when a man rushed in from the car behind the smoker, evidently in great agitation and said: "Has anybody in this car any whiskey?" A woman in the car behind him faintly! Instantly dozens of flasks were produced. The man who had asked for it picked out the largest one, drew the cork and put the bottle to his lips. With a long, satisfied sigh he handed the flask back, and said: "That did me a lot of good, and I needed it, for I always get nervous and queer to see a woman faint away!"

### Happiness.

Happiness in this world, when it comes, comes incidentally. Make it the object of pursuit, and it leads us a wild goose chase, and is never attained. Follow some other object, and you may find that we are content, but happiness without desire is not it, but likely enough it is gone the moment we say to ourselves: "I am happy." Like the chest of gold that the miser never finds. There is something more vital in happiness than a glow—something better, something more enduring, the power composed of the substance of a life of eternity. A man who says "I am happy" may well tumble at it.—Nathaniel Hawthorne

### Real Hard Cider.

John Fair, a highly respected citizen of Montgomery, Ala., Armstrong county, has at his home, a small keg containing several quarts of cider which was made by himself 51 years ago says the Philadelphia Record. Altogether there were several kegs of the kind, but now only a few quarts remain and Mr. Fair is guarding that jealously. The cider is so old that it has turned black in color, and so strong that less than a teaspoonful will put a drinker in the Happy Land.

### An Explanation.

"Fat men are invariably honest," said the deep thinker, and I believe it because they are so sensitive about their fat. "I don't see who you mean?" "Well, if they should be dishonest, and get caught at it, they might have to wear convict suits with the stripes running in the most unbecoming becoming way."

### Ruskin on Manual Labor.

We are always in these days endeavoring to separate intellect and manual labor: we want one man to be always thinking and another to be always working and we call one a gentleman, and the other an operative; whereas the workman ought often to be thinking and the thinker often to be working, and both should be gentlemen in the best sense. As it is we make both miserable, but one envying the other despising his brother; and the cross of society is made up of morbid thinkers and miserable workers!

### TRUE TO HIS PROMISE.

By Their Own Testimony, Doctor Had Rejuvenated Patients.

A German doctor who claimed to have discovered the secret of restoring youth, advertised in London that he could in two days rejuvenate the most decrepit man. This brought a crowd of ancient dames to his house. At the first interview he invited each patient to write her surname, Christian name and age on a piece of paper. The ages whereof they pleaded guilty varied, but all ruled high. The doctor undertook to give each patient the promised elixir next day. On the appointed day the doctor regretted that he unfortunately had mislaid the paper containing his youth-seekers' ages, and he, therefore, requested each one to write it down and call again. In writing down her age the second time each woman took many years off the age she previously had admitted. The doctor, pretending to have found the first papers, called them to witness, comparing the lists, that he had kept his word, inasmuch as in 48 hours they had all become many years younger.

## COTTON REPORT TO-DAY

The government cotton report issued at eleven a. m. Friday shows the condition of the crop, based on the status of July 25, to be 72 per cent as against 82.7 per cent a year ago.

As a result of this report the market jumped some 25 or 30 points closing about 15 points up—25 points up in New York, one-eight in New Orleans.

There will be one more report on condition, then will begin the ginners' reports.

The report was received over wire by W. A. Babb & Co., the new firm of cotton brokers which has just started an office in Ada. The News will publish, through courtesy of this firm, a daily summary of the market.

We have had presidential aspirants who were good duck shooting hunters and fine horsemen, and it is not improper to have one who is a good swimmer or wader. The escapade in Yellowstone carries its special lesson to ambitious statesmen. Much will be accomplished in a year if due attention is paid to the lesson.—Chicago Tribune.

"Ding's" cartoon in Sunday's Register and Leader, depicting the agony of a pass holder buying his first railroad ticket, almost brings tears to one's eyes. The writer began carrying annual passes and unlimited transportation when "Ding" was a small boy, and this week starts out on a 4,000-mile trip that cost more than he had previously paid for railroad fare in his whole life. Don't laugh boys; this is a serious occasion.—Knoxville (La.) Express.

## LIKE MEXICAN CHILE?

At the Mexican Chile Parlor, just opposite Dorland Hotel, you can get the best made. Louis Lopez, the proprietor, and Delgado, the famous chile maker of Dallas, jointly secured. First Prize at the St. Louis Exposition in the chile making contest open to the world. Try a dish of Louis' make then you'll take some home to the family.

Also Short Orders and cold drinks served.

## THE VACATION OUTLAY

### MONEY SPENT BY CHICAGOANS EACH YEAR.

Total Estimated at \$37,500,000—Expense of Preparation for Outing Adds Much to Disbursements of Pleasure Seekers

Chicago—How much does the vacation season cost Chicago?

This question was put to several downtown merchants, and their answers reduced to an average make interesting facts.

Estimating the population of the city at 2,000,000 it is fair to assume that 500,000 of the inhabitants are either wage-earners or in business for themselves. Practically all these have vacations during the summer from two weeks to a month in length. To estimate the average cost of these vaca-

tions would be something of a guess but perhaps \$50 would be somewhere near the truth. Many persons spend much less than this sum but the majority spend more.

The result of a simple multiplication problem shows a total of \$25,000,000 but this is by no means all. There remain to be added the vacation expenses of women and children who are not producers.

How many persons of this class go away from the city during the summer is another hard guess but a conservative estimate would place the number on a par with the first estimate—500,000.

Fifty dollars a head may be too high a figure for this class of vacation travelers for many of them are children but if an average of \$25 is taken it will give a total of \$12,500,000.

Thus the total outside vacation expenses of Chicago people may be guessed at \$37,500,000.

These figures however do not include money spent in anticipation of the trips to be taken. They do not in-

clude vacation clothing, trunks, satchels, fishing tackle and all the hundreds of articles commonly laid in by the prospective vacation maker. It is a conservative guess to say that these advance expenses will aggregate \$12,500,000.

The grand total therefore is \$50,000,000—all spent for pleasure and health during three or four months.

These figures of course, do not pertain to the rich, but to the common people. If the summer expenses of the wealthy class were to be added, the total would be vastly larger. It is estimated that there are 5,000 families in Chicago which spend an average of \$2,000 for their summer outings.

Fifty million dollars if distributed in lots of \$600 would support 83,333 families for a year allowing each family \$70 a month a sum about equal to the average wage.

When these figures are considered it is easy to understand what merchants mean when they talk about the dull months. With all these people out of town and with \$37,500,000 turned into channels outside of the city it naturally follows that merchants cut down expenses and sell close to the wind until Chicago money is once more turned into its natural channel.

### PLAGUE SWEEPED INDIA.

In Ten Years There Have Been 4,411,212 Deaths—Mortality Increasing.

London—During the first three and a half months of 1907 the deaths from the plague in India totalled 191,000 the heaviest monthly mortality yet reported during the epidemic. According to the Indian World this would appear to show that the present year will exhibit a record number of deaths.

The plague records for the ten years October, 1896 to December 1906 show that there was a large annual increase from 1901 to 1904 the deaths numbering 274,000 in 1901, 577,000 in 1902, 570,000 in 1903 and 1,022,000 in 1904 the worst year in ten years.

There was a small decrease in 1905 the deaths falling to 951,000 and a large decrease in 1906 when there were only 332,000. The total deaths for the whole ten years numbered 4,411,212. The improvement which was shown in the two years 1903 and 1906 has not, unfortunately, been maintained.

From the first appearance of the disease up to the year 1901 the mortality was greatest in the Bombay presidency but from 1902 onward with one exception the worst area has been the Punjab and in 1906 the deaths in the latter province alone numbered 361,625.

## DESSERT FOR HOT DAYS.

Puddings That Are Particularly Welcome in Hot Weather.

Puddings made with cornstarch and turned over oranges are apt to be bitter, so are most tapioca and orange puddings. Here is a new way. The sago or tapioca is cooked to a clear jelly in water in a double boiler and a pinch of salt added. Turn this into the juice of several oranges mixed with plenty of sugar if they are tart. If too sweet, use a little lemon juice with them. Pour into a serving dish to cool and prepare two nice oranges for the top by cutting them skin and all into thin slices. Lay the slices prettily over the top and place on ice. In this way the heat does not draw out the bitter taste of the oranges.

Bread is often wasted that could be utilized in butter cakes or puddings. The queen of all puddings is an old time favorite that can be put together without great trouble. Make it when eggs are plentiful in summer for in winter it would not be an economical way to use the bread. One may find many recipes with slight variations but the usual amounts are the yolks of four eggs to a pint of bread crumbs one quart of milk the rind of a lemon grated and one cupful of sugar. This custard is baked. Then it is spread with either strawberry or raspberry jam or curd and jelly.

The whites of the eggs are beaten stiff with a pinch of powdered sugar in which some of the lemon juice has been mixed and only one-half is used in the custard part of the pudding. This is nice either freshly baked or when cold. When served cream with it. Some people even for less sugar in the mixture and to let the sugar simply help up the beaten whites of the egg and drizzling sugar over them just before returning to the oven to cool the mixture.

## THE PORCH IN SUMMER

Cushions and Pillows That Make for Real Comfort

For porch furnishing and for the summer interior couch there is nothing snatter than big cushions or square pillows of down covered with the brilliant plaid material of fine spun cotton known as matras. Just why the East Indian name should be applied to a material made in the West Indies it would be hard to say.

A deep garnet crossed with golden bars or narrow lines of deepest stem green is checked with white or yellow. Another tone is a glowing yellow like the yolk of an egg are combined with deepest marine blue or a chestnut brown. The plaid arrangement is utterly unlike that of the Scottish tartans and always more vivid in coloring.

These stunning cushions make a big room most becoming to the face of the summer air.

Be sure that the corner of your cushions show tufted ends, small tufts of twisted reds and blues shaped like butterfly wings. These are exactly imitated from the tightly pulled knots with which the old-time plantation Aunt's used to do their much prized turbans.

## How to Launder Kerchiefs

When washing lin kerchiefs put a small dish containing a little white wood in the water in which they are boiled. This will give them a faint but a noticeable scent when ironed. If borax is added to the rinse water it will give the soft handkerchiefs a little body with it making them harsh as when stiffened with starch.

Then when ironing the handkerchiefs an excellent plan is to fold all torn or ragged ones in a three-cornered shape while those that are in perfect condition may be folded square. If the members of the household are taught the significance of the different shapes they will often be saved from the embarrassment of opening up a faded handkerchief which was apparently respectable when neatly folded.

## Crab Jambalaya

Throw live crabs into boiling salted water and boil until the shells turn red. Take from the fire cool then pick the meat from the shells. Put a tablespoonful of lard or pork drippings in a deep pot (an iron pot is best) add a large onion chopped fine. When browned add a tablespoonful of flour, and as soon as browned and blended a cupful of tomato. When thickened and smooth add three pints boiling water or hot stock and then a cupful of rice. Boil until the rice is done, stirring frequently. Season with salt, pepper, parsley, celery salt. Lastly add the crab meat cook ten or fifteen minutes and serve.

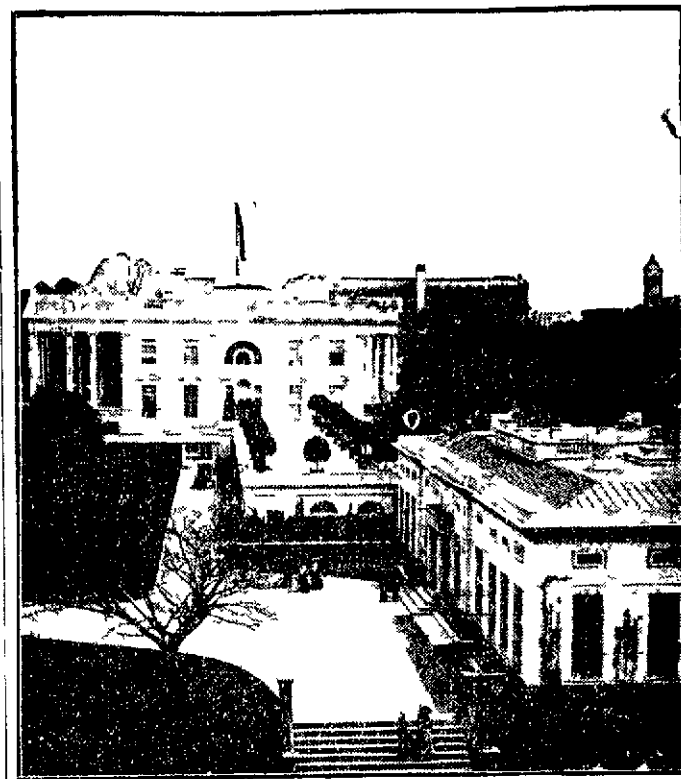

## Chiffonade Salad

This is an excellent way to use up vegetable leftovers. Have for your foundation a bed of crisp white lettuce heart leaves. On one-quarter of the salad dish or platter arrange a mound of cold string beans on another quarter have tomatoes cut in small disks and onions chopped fine on a third quarter arrange some asparagus tips and on the last cut of beans with chopped white of eggs and yolks pressed through a vegetable press. Pour French dressing over all, mix the vegetables together before serving and be sure to have all ice cold.

## Inexpensive Turnover

As a rule the embroidery on hem stitched handkerchiefs is much finer than that on the turnovers one buys in the stores. When these handkerchiefs become worn in the middle cut out the four sides sew narrow bands on and you will have four pretty turnovers. Especially is this true when you have fine linen handkerchiefs.

## HOME OF THE PRESIDENT

Looking east from a window of the Navy department building showing White House with Executive office in the foreground.

## MAINE HAS A UTOPIA

COMMUNITY OF TEMPERANCE ADVOCATES THRIVES.

Vice Unheard of in Benedicta—Is Without Jail, Poorhouse, Free from Debt and Has Cash on Hand.

Boston—Benedicta in Maine is the Roman Catholic Utopia and the dream of the W. C. T. U come true. It is tabloided Home Rule. Irish Catholics settled in it. Their descendants sturdy Americans run it. Only Catholics live there now and probably only Catholics will ever live there. It is crimeless, jailless, poorhouseless, free from debt and ideally administered.

As a community Benedicta is more ideal than Moore's Utopia or Bacon's New Atlantis. Though 40 miles from any other town and 100 miles from a railroad Benedicta has electric light service, a municipal water supply, several fine buildings and all the conveniences of a thoroughly modern city.

Benedicta is not only free from debt but has a surplus in the treasury. Moreover there is not a poor family in the place and there never has been any occasion for the establishment of any of the usual institutions for the poverty-stricken or peccoliers.

When Fenwick started his colony he purchased more than 12,000 acres of timber land comprising the western half of a township in Aroostook county. There he began to build up an ideal community of temperance residents.

Though many of the younger generation have gone to cities for work, the oldsters on farms the census of 1900 showed that the colony numbered 350 persons.

## WEST LENDS TO EAST

FARMERS OF PRAIRIES SEND WALL STREET FUNDS

Tillers of the Soil, with All Mortgages Gone, Furnish Money for Stock Operations and Buy Machinery.

Omaha, Neb.—The day has arrived when the farmer in the west is lending money to the banker in the east. From a state of almost ruin ten years ago and a rebuffed applicant at the feet of the Wall street brokers he has become a financial power from whom those same brokers are begging money.

He has paid his mortgages, improved his farms, erected buildings and put thousands of dollars into the latest machinery. He has laid up a surplus of wealth and the banks are stacked up with his wealth even as his granaries are overflowing.

The state of Nebraska alone recently in one week sent to eastern cities \$7,000,000 every cent of it on short time loans and intended to relieve the financial stringency there.

The demand for money by New York and other eastern financial centers has been the largest in our history, said the cashier of one of the large Omaha banks. Our bank has carried a great amount of eastern short time loans known as commercial paper for several months and I understand other national and savings banks are doing the same thing. The demand recently however, has been greater than ever before.

The deposits in Omaha and other Nebraskan banks are 20 per cent

Benedicta got its charter as a town in 1874 the name being bestowed in honor of its founder.

The nearest place where any liquor can be bought is Houlton 44 miles away through the woods to the east, and the nearest point of railway connection is Bangor more than 100 miles to the south.

## NEW RECORD IN JUNE BRIDES.

One Every Thirteen Minutes for the Month in Chicago.

Chicago—While you read these words stop and think! Chicago has 7,300 June brides to day! The love bug has been working overtime and has broken all records.

Three thousand three hundred June brides! That means 110 brides a day or one every 13 minutes!

Hymen Cupid & Co report the most prosperous month since the firm was established.

Last year there were 3,103 June brides in 1905 2,907 1904, the record was 2,745.

Marriage License Clerk Salmonson, the man who has opened the door of wedded happiness to hundreds and hundreds of thousands of Chicagoans and others, preached a little lay sermon the other day for June brides. These are the points on which he laid stress.

1. Love your husband always.
2. He is your companion his friend, his chum.
3. Never never be suspicious or nagging.
4. Study his tastes and give him what he likes.
5. Get up and cook his breakfast for him.
6. Make his home as attractive for him as you can—as attractive as the club or the saloon.

Larger than a year ago and money never was so plentiful. The west is particularly fortunate to have this cash at this time when loans in the east are demanding good premiums, and this condition is largely indicative of the prosperity of Nebraska agricultural interests resulting from bountiful crops.

The Nebraska farmers are buying more machinery, building material and live stock than for many years. They have had several good crops in succession and they are all on easy street. The sale of their products has brought much money to the state, and this has gone mostly into local banks which carry their cash balances in Omaha national banks. Comparatively few mortgages are held.

The money made by the farmers has piled up in the banks until it became necessary to seek short time loans in the east. Eastern borrowers have not been slow to ask for these loans however and eight of the largest Omaha institutions receive daily quotations on eastern securities. Most of these loans are placed through New York and Boston financial institutions which act as brokers.

## 52 Gotham Murders in Month.

New York—Four hundred and ninety-eight deaths were reported to the coroner's office in June. According to the monthly report of Chief Clerk Jacob D. Baugh, 236 were due to violence or accident, the remaining 262 being sudden deaths due to natural causes. Of the deaths by violence or accident 52 were homicides and 23 were suicides. Thirty-nine bodies were found floating in the rivers. Sixteen persons were killed by carriages or wagons, 15 by the street railways and three by automobiles.

## LOOKING DOWN ON A SEA OF CLOUD

Marvelous sunrise effect from the summit of Mount Fujiyama, Japan. Fujiyama is the loftiest mountain in the island, and rises 12,365 feet above the level of the sea, the crater is 500 feet deep.

## PIE WILL SOON BE A LUXURY.

Pure Food Law Will Raise Price of Desert and Other Things

Washington—The operations of the federal pure food law are plainly going to add still further to the cost of living in American homes. How much the increase will be can only be estimated thus far.

The manufacturers whose products are changed in order to comply with new regulations can only guess at the expense of the changes. But speaking broadly the use of preservatives and coloring matter has made it possible to sell many staple articles to the public for less money than they can be sold for when these are not used.

Take the single list of canned fruits and vegetables pickles, preserves, jams, jellies, catchups and the like. Coloring and preserving matters are used in these. Some manufacturers claim to produce them without preservatives but the housewife who wants to know how much is saved by the privilege of using these things will be able to learn by asking her grocer the difference in price between the goods that are guaranteed to be free from these seasonings and those which are not.

She will learn that for the greater part the articles guaranteed to be free of such preservatives or coloring mat-

ter constitute the limited aristocracy of food articles at prices which make them the luxuries of the comparative few.

Pie at any rate is going up when ever sodium benzoate is denied to the makers of the insides. The slice which now sells at five cents will command ten and the ten cent portion will go for not less than 15 according to the dire predictions of the pie purveyors. Pie will become the luxury of the rich rather than the staple of the bourgeois dyspeptic.

## Plans Post Offices for Liners

Washington—If Second Assistant Postmaster General McCleary succeeds in some plans he has in mind sea post offices will be established on the ships of the Cunard and the French Steamship companies. Lines the only transatlantic lines which are equipped with postal facilities. Overtures have been made to these two companies looking to the equipment of post offices on their ships. Mr. McCleary will go to Europe soon to investigate certain postal affairs. While abroad he will confer with the officers of the two steamship lines and endeavor to complete arrangements by which American and foreign employees will be placed on each one of the vessels of these two lines.

## NEW YORK LEADS WORLD

Surpasses Even London in Wealth and Variety of Business

New York—This city which ranks second among the world's cities in population largely surpasses London in wealth and in the volume and variety of its business activities. The United States passed England in extent of manufactures in 1880 in iron and steel production in 1895 and in coal output in 1900 and its leadership in each of these fields is rapidly lengthening.

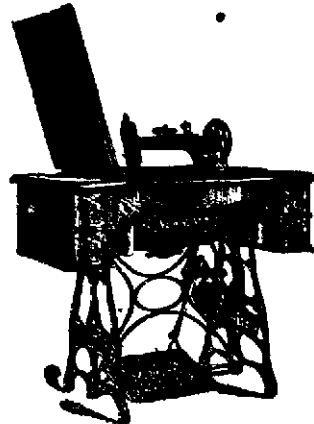

New York city is the business capital of a country which produces 20 per cent of the world's wheat, 25 per cent of its gold, 33 per cent of its coal, 35 per cent of its manufactures, 40 per cent of its iron, 42 per cent of its steel, 52 per cent of its petroleum, 55 per cent of its copper, 70 per cent of its cotton and 80 per cent of its corn.

The wealth of the United States in 1907 is \$118,000,000,000 or as much as that of its two nearest rivals—Great Britain and France—in the aggregate. As the United States natural resources are only in the early stage of their development and as its supremacy over the rest of its old time rivals is steadily increasing its social and business leadership in the world is assured.

## Sewing Machines EASY PAYMENTS

A sewing machine is a household necessity, so expensive that few people care to pay the price in spot cash. To meet this difficulty and to put them in the reach of every family I am prepared to sell you a first class machine on easy payment plan. You make a small cash payment and pay the balance in small payments to suit you. I handle both the New Home and Standard.

This cut represents one of the New Home machines, drop head, automatic lift and ball bearing. Swell front woodwork. If any part of this machine ever proves defective it will be replaced free of charge.

**\$45**

\$5 cash, balance to suit purchaser in weekly payments

### STANDARD SEWING MACHINES

We have the Standard Sewing Machine at prices ranging from \$40.00 down to \$25.00 and are prepared to give you the most liberal terms ever offered for sewing machines. If you want a sewing machine come to see us and we will arrange a deal for you that will enable you to make the machine pay for itself.

### FURNITURE

We are still offering our large line of furniture on the easy payment plan. If you don't buy it is your own fault.

### UNDER A KING

We have a large line of undertaking goods and can sell you caskets and caskets at reasonable prices.

We invite you to call and in estimate our prices and our way of doing business. I am sure we can please and we guarantee our goods.

Phone 108.

## EASY VICTORY FOR FRANTZ

### Governor had Brutal Majority and Dominated Every Move of the Tulsa Convention--Slight Concession in State Chairmanship

Tulsa, Aug. 1.—Gov. Frantz and his forces advocating the nomination of a state ticket by republicans were easily successful in the state convention today, winning every point over the followers of Chairman Hamon from the temporary organization down. The Hamon strength at any time did not exceed 200 votes out of 1,574.

In the matter of state chairmanship friends of the Hamon movement offered a compromise by agreeing to withdraw opposition to a state ticket and any platform expression providing I. A. Harris of Wagoner, a staunch Hamon follower, would be accepted by Frantz. This offer was refused. A agreement has been reached however between Oklahoma and Indian Territory which it is believed will go through with little opposition. The terms accord Gov. Frantz privilege to name Charles Hunter of Oklahoma City as state chairman and Ed Perry of Coalgate as vice chairman. Hunter is to be supreme in matters affecting the Oklahoma side while Perry is similarly recognized as to Indian Territory. This agreement eliminates the opposition.

Hamon's final effort for a show of strength was made by I. S. McCowan of Snyder, Okla. in delivering the response to the welcome for the state committee in which an attempt was made to stampede the convention against the nomination of a state ticket. Instead of being swayed from its normal position the convention repulsed quickly to a cheer for Frantz and a ticket and delegates plied over one another in an effort to show how they stood. Later in the day the ticket idea was adopted by a vote of 1,411 to 243. Debated at every turn Hamon said: "I made a fight for a principle which I thought was best. What the party says to do suits me."

The convention met in a roomy tent into which an audience of 4,000 people crowded in the preliminaries. The music was to punctuate patriotic tunes. Col. D. I. Sleeper, former speaker of the Ohio house of representatives, in giving a welcome predicted among other things that with the right kind of a platform and the proper ticket the state could be carried by 70,000 majority.

In responding for the committee I. S. McCowan of Snyder, Okla. stated the convention's position as one to decide between honor and shame. W. I. Bryan the perennial presidential candidate he said first said the constitution was the best ever written but since it has been amended he would no doubt declare it better than the sermon on the mount.

It is not possible to nominate a ticket and pronounce against the constitution he said. We should turn it down. If the governor is elected he can he take the oath of office under that document? There have been governors of Oklahoma.

The text of the sentence was lost in the din and roar of the convention crying the speaker down. The anti ticket people had started a demonstration as soon as McCowan suggested a fight on the constitution but this was soon swamped by a greater one for the other side. When the demonstration started the Pioneer delegation with standard flying and a large picture of Frantz crowded to the platform quickly joined by the field county the governor's home and the rapid addition of other standards until repudiation of the sentiment became a unanimous shout. Cleveland county did not join in the did Harper Wood and Wagoner. Tillman county was slow in joining. One delegate first drew a pitchfork and took his place in the front line. For thirty minutes the cheering lasted and the response to the address of welcome was loud and enthusiastic.

It took a couple of days to get the secretary of the statehood committee to present at the Frantz convention was elected temporary chairman and C. C. Jones of Oklahoma City the Hamon candidate withdrew.

Constitution Condemned.  
The platform committee has a 5,000 word document for adoption. It con-

demns the constitution in detail, declaring it unreplicable in form but does not ask the voters to vote for or against it. The report asks that if the constitution is to be further amended that the convention do so at once.

The administration of Roosevelt and Frantz was unqualifiedly endorsed but nothing is said of a third term. The republican party is declared a party of statehood.

Silence is maintained on the prohibition question. A local option plank was stricken out by a vote of 33 to 25. It is understood the whole report comes from the committee by a unanimous vote. It is admitted the report will draw opposition on account of the stand taken on the constitution many favoring its rejection at the polls. Removal of restrictions is favored.

#### Nominations Made.

At 2 o'clock this morning it is announced that the republican state convention will nominate Miss Kate B. Baird the democratic nominee for commissioner of charities by acclamation.

J. H. Johnson was defeated for nomination for corporation commissioner by Grant Stanley of Oklahoma county who opposed his selection in a speech in which he declared that Johnson had voted against Bird McGuire in 1904.

Johnson denied the accusation in an impassioned speech but was defeated for the nomination by 200 votes. N. G. Turk of Checotah was named for lieutenant governor on the first ballot and Thomas V. Robnett of Ardmore for secretary of state by acclamation.

The candidates for corporation commissioner are P. J. Dore of Westville, I. F. John Jensen of Perry and John Cordell of Wewaka.

S. H. Reid of El Reno was nominated for attorney general and Mortimer Stillwell of Bartlesville for state treasurer.

A. D. Mullin of Oklahoma City is the Frantz candidate for labor commissioner and G. A. Paul of Oklahoma City for clerk of the supreme court.

The convention adjourned at 1 a m until 10 o'clock tomorrow.

### COTTON CONDITION REPORT

Memphis, Tenn. Aug. 1.—From reports from ginners compresses and warehouse men of an average date of July 26 is shown the following:

|                | A  | B  | C   |
|----------------|----|----|-----|
| Alabama        | 73 | 57 | 78  |
| Arkansas       | 71 | 82 | 71  |
| Georgia        | 81 | 94 | 98  |
| Illinois       | 60 | 57 | 66  |
| Mississippi    | 73 | 86 | 78  |
| North Carolina | 78 | 92 | 98  |
| Ok & I T       | 76 | 88 | 76  |
| South Carolina | 83 | 94 | 106 |
| Tennessee      | 83 | 78 | 69  |
| Texas          | 74 | 90 | 71  |

Averages 75.7 88.2 78.7  
\*(a) Condition (b) Acreage to be picked compared with last year (c) with good conditions from now on and an average frost the estimated yield compared to last year.

About 90 per cent of the reports wanted rain the others had only in the last few days. The hot dry weather has evidently damaged the crop in some sections and unless rain comes within a few days serious damage will be done in the sections not yet receiving rain.

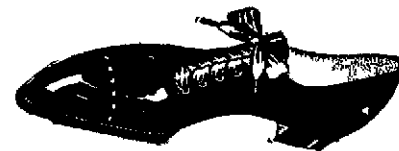

Holl Weevil. Our report from the private sections of Texas show that the weevils are letting up on account of hot dry weather but in the time sections of Texas Louisiana and Indian Territory serious damage is done. There are a good many reports of blight from Texas and some boll worms from other sections but not serious as yet.

Owing to the precarious condition of the crop at this time these reports will be issued every two weeks.

J. A. Taylor President

Mr. Ben Katz and family will move from Clinton Ky. to Ada about September 1st.

## LOW CUT SHOES at Clearance Prices

ANOTHER MUTILATED BODY

Remains of Unknown Man Found Near Oklahoma City--Believed to be Work of Bloody Band

Oklahoma City, Aug. 2.—With a bullet hole in the face, another over the heart and two in the left arm, the ears severed from the head the body of an unidentified man was found Thursday afternoon three miles east of the city by G. F. Applegate and P. M. Magee, who were starting for an afternoon's fishing in West Fork lake. The man appears to have been less than 25 years old, of medium height and weight, with every indication that he was a laboring man.

The authorities hold to the theory that the man is a victim of an organized gang of murderers. They assert that the present crime was committed by the same gang that killed the man found in the box car at Chickasha only last week. In that case both ears were cut from the head of the victim.

D. A. Shriver, a farmer living near where the body was found, says he heard three or four shots Wednesday night. One of the strange features of the case is the finding of a human ear at Grand avenue and Hudson streets yesterday morning by a detective. It is believed the ear belongs to the body of the murdered man.

Authorities are making a rigid investigation of the affair, but so far have been completely baffled in finding a clue to the murderers.

**Chickasha Man Identified.**  
Chickasha, I. T., Aug. 2.—The body of the man found dead and mutilated here in a box car Saturday evening has been identified by parties from Tattle as that of a man named Crawford, who had lived in that vicinity several months and who had been missing since last Thursday.

It was not until the body had been found in the city last evening and placed in the undertaking parlors of the Marshall company that the identification was affected. In the hasty examination of the body which he made when it was found, Dr. F. Schafer, the county coroner, overlooked, in the inside vest pocket a scrap of paper which furnished the only clue as to the identification of the dead man. This paper was found when the clothing was again searched after it was removed from the body at the undertakers.

On it was written  
"In case of accident, please notify my mother, Mrs. Moses Nedeau, Seminole, I. T. and my brother, Charles Genreth, 535 East Sixty-third street, Chicago."

Walter William Gureth.

THE PONTOTOC DELEGATION.

**Activity of Local Republicans in the Tulsa Convention.**  
After participating in the more important sessions of the state republican convention at Tulsa Thursday, Ed Brents, Dr. T. W. Chadwick, and W. E. Little left at 10 p. m. and arrived back in Ada this morning at three. All looked well preserved except Brents, whose fearful hoarseness shows he hollered entirely too much.

Besides the three named above, Pontotoc's delegation was composed of U. G. Winn, John W. Board, A. H. Constant, J. M. Keltner and M. Johnson of Ada, H. A. Ward of Stonewall, H. A. Kroeger, S. M. Richey, W. P. Chism of Francis, E. T. Norvell of Center, and Mr. Durbin of Priceo. Some of these went as substitutes for the delegates originally chosen.

The returning delegates are mighty sore about one incident. The credential committee, over the Pontotoc men's protest, seated two Pontotoc negroes in the convention. This, after the local organization had drawn the color line sharply declaring the negroes should no longer have seats in the councils. Brents says this seating of the two negroes was done by the Creek Nation element which dominated the credential committee.

It is said this county's delegation voted solidly with the Frantz element, for a full ticket and all the way through with the exception of Board, Chism and the two negroes, the latter four going down to defeat with the Hamon forces.

When there came the stampede to the stage in support of Frantz and the full ticket idea they say John Board tried to stop the Pontotoc crowd but couldn't. He and Brents both got hold of the delegation's standard and tore it in twain. But Brents took his half and joined the cheering majority.

From all reports there will probably be a full republican ticket nominated in this county. The sentiment of the convention was to so nominate in all counties, carrying the fight on down the line.

NEW LAWYER FOR THAW.

**Former Texas Boy Will Conduct Next Trial of Celebrated Case.**  
New York, Aug. 2.—Martin W. Littleton of Brooklyn has been elected by Harry K. Thaw to conduct his next trial on the charge of killing Stanford White.

They announced the selection of Mr. Littleton yesterday after a conference with his mother and wife. It is said Mr. Littleton who made the speech in the last national democratic convention at St. Louis nominating Alton B. Parker for president.

Littleton was reared in north Texas, where he has many boyhood acquaintances. Some years ago he cast his fortunes in Gotham, and he has made good.

**O. C. Car Inspector Hart.**

THE LODGES.

Royal Arch Masons—Ada Chapter No. 26 meets Saturday night two weeks before the full moon. Gus Angelly, H. P., Lee Daggs, Sec.

A. F. and A. M.—Ada Chapter No. 95 meets on Saturday night on or before the full moon in each month. C. P. Little W. P., Chas Powers, Sec.

Ada Commandry No. 8, K. P.—Stated Conclave third Friday night of each month. F. C. Sims, E. C. Duke Stone Sec.

I. O. O. F.—Meets every Thursday night. Sol Moss, N. G. C. M. Chauncey, Sec.

K. P.—Meets every Thursday night at I. O. O. F. Hall. J. W. Dean, C. C., A. H. Constant, K. R. S.

W. O. W.—Meets on first and third Monday nights at I. O. O. F. Hall. Chas. Norton, C. C., George West, Clerk.

M. W. A.—Meet the first and third Friday evenings of each month at the I. O. O. F. Hall. George F. High, V. C., P. C. Duncan, Clerk.

Twenty-Five Thousand Club—Regular meeting nights the second Monday night in each month. E. H. Lucas, President, J. E. Bills, Sec.

Eastern Star—Ada Chapter No. 78 meets on Thursday night on or before the full moon in each month. Mrs. Jno. Brents, W. M., Jno. Brents, W. P.

Ladies of Maccabees—Meets on Saturday afternoons at three o'clock every other week at the I. O. O. F. Hall. Mrs. Tom D. McKeown, L. C., Mrs. Ella Gother, R. K.

**How's This!**  
We offer \$100 reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Toledo, Ohio.

We the undersigned have known J. F. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by his firm. Walding, Kinnam & Marvin, Wholesale Druggists, Toledo, Ohio.

Hall's Catarrh is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

## AN HISTORIC BUILDING

Oldest house in the United States at St. Augustine, Fla. It was built about 1564 by the Spanish.

## THE VACATION OUTLAY

MONEY SPENT BY CHICAGOANS EACH YEAR.

Total Estimated at \$37,500,000—Expense of Preparation for Outing Adds Much to Disbursements of Pleasure Seekers

Chicago—How much does the vacation season cost Chicago? This question was put to several downtown merchants and their answers reduced to an average make interesting facts.

Estimating the population of the city at 2,000,000 it is fair to assume that 500,000 of the inhabitants are either wage earners or in business for themselves. Practically all these have vacations during the summer from two weeks to a month in length. To estimate the average cost of these vaca-

tions would be something of a guess but perhaps \$50 would be somewhere near the truth. Many persons spend much less than this sum but the majority spend more.

The result of a simple multiplication problem shows a total of \$25,000,000 but this is by no means all. There remain to be added the vacation expenses of women and children who are not producers.

How many persons of this class go away from the city during the summer is another hard guess but a conservative estimate would place the number on a par with the first estimate—500,000.

Fifty dollars a head may be too high a figure for this class of vacation travelers for many of them are children but if an average of \$25 is taken it will give a total of \$12,500,000.

Thus the total outside vacation expenses of Chicago people may be guessed at \$37,500,000.

These figures however do not include money spent in anticipation of the trips to be taken. They do not in-

clude vacation clothing, trunks, satchels, fishing tackle and all the hundreds of articles commonly laid in by the prospective vacation maker. It is a conservative guess to say that these advance expenses will aggregate \$12,500,000.

The grand total therefore is \$50,000,000—all spent for pleasure and health during three or four months.

These figures of course, do not pertain to the rich, but to the common people. If the summer expenses of the wealthy class were to be added, the total would be vastly larger. It is estimated that there are 5,000 families in Chicago which spend an average of \$2,000 for their summer outings.

Fifty million dollars if distributed in lots of \$600 would support 83,333 families for a year allowing each family \$70 a month a sum about equal to the average wage.

When these figures are considered it is easy to understand what merchants mean when they talk about the dull months. With all these people out of town and with \$37,500,000 turned into channels outside of the city it naturally follows that merchants cut down expenses and sell close to the wind until Chicago money is once more turned into its natural channel.

## PLAGUE SWEEPED INDIA.

In Ten Years There Have Been 4,411,212 Deaths—Mortality Increasing.

London—During the first three and a half months of 1907 the deaths from the plague in India totalled 194,000 the heaviest monthly mortality yet reported during the epidemic. According to the Indian World this would appear to show that the present year will exhibit a record number of deaths.

The plague records for the ten years October, 1896 to December 1906 show that there was a large annual increase from 1901 to 1904 the deaths numbering 271,000 in 1901, 577,000 in 1902, 570,000 in 1903 and 1,022,000 in 1904 the worst year in ten years.

There was a small decrease in 1905 the deaths falling to 951,000 and a large decrease in 1906 when there were only 532,000. The total deaths for the whole ten years numbered 4,411,212. The improvement which was shown in the two years 1903 and 1906 has not, unfortunately been maintained.

From the first appearance of the disease up to the year 1901 the mortality was greatest in the Bombay presidency but from 1902 onward with one exception the worst area has been the Punjab and in 1906 the deaths in the latter province alone numbered 364,625.

## DESSERT FOR HOT DAYS.

Puddings That Are Particularly Welcome in Hot Weather.

Puddings made with cornstarch and turned over oranges are apt to be bitter, so are most tapioca and orange puddings. Here is a new way. The sago or tapioca is cooked to a clear jelly in water in a double boiler and a pinch of salt added. Turn this into the juice of several oranges mixed with plenty of sugar if they are tart. If too sweet, use a little lemon juice with them. Pour into a serving dish to cool and prepare two nice oranges for the top by cutting them skin and all into thin slices. Lay the slices prettily over the top and place on ice. In this way the heat does not draw out the bitter taste of the oranges.

Bread is often wasted that could be utilized in better cakes or puddings. The queen of all puddings is an old time favorite that can be put together without great trouble. Make it when eggs are plentiful in summer for in winter it would not be an economical way to use the bread. One may find many recipes with slight variations but the usual amounts are the yolks of four eggs to a pint of bread crumbs one quart of milk the rind of a lemon grated and one cupful of sugar. This custard is baked. Then it is spread with either strawberry or raspberry jam or cut out jelly.

The whites of the eggs are beaten stiff with a cupful of powdered sugar in which some of the lemon juice has been mixed the rind only being used in the custard part of the pudding. This is also eaten freshly baked or when cold. When served warm with it. Some recipes call for less sugar in the meringue and others suggest simply heating up the beaten whites of the egg and dredging sugar over them just before returning to the oven to cool the meringue.

## THE PORCH IN SUMMER

Cushions and Pillows That Make for Real Comfort

For porch sitting and for the summer parlor couch there is nothing sweeter than big cushions or square pillows of down covered with the brilliant plaid material of fine spun cotton known as "Juni." Why the East Indian name should be applied to a material made in the West Indies it would be hard to say.

A deep garnet crossed with golden bars or narrow lines of deepest stem green is blacked with white or velvet. Amber tones a glowing yellow like the yolk of an egg are combined with deepest marine blue or a chestnut brown. The plaid arrangement is utterly unlike that of the Scottish tartans and always more vivid in coloring.

These stunning cushions make a big cushion most becoming to the face of the summer suit.

Be sure that the corner of your cushions show to ban ends small tufts of hemmed ruffles shaped like bat's wings. These are exactly fitted from the tightly pulled knots with which the old-time plantation "aunties" used to do their much prized tuftings.

## How to Launder Handkerchiefs

When washing handkerchiefs put a small white box containing a little white soap in the water in which they are boiled. This will give them a faint but a real scent when ironed. If boxes are added to the rinse water it will give the soft handkerchiefs a little body with it making them harsh as when stiffened with starch.

Then when ironing the handkerchiefs an excellent plan is to fold all torn or ragged ones in a three-cornered shape while those that are in perfect condition may be folded square. If the members of the household are taught the significance of the different shapes they will often be saved from the embarrassment of opening up a ragged handkerchief which was apparently respectable when neatly folded.

## Crab Jambalaya

Throw live crabs into boiling salted water and boil until the shells turn red. Take from the fire cool then pick the meat from the shells. Put a tablespoonful of lard or pork drippings in a deep pot (an iron pot is best) add a large onion chopped fine. When browned add a tablespoonful of flour, and as soon as browned and blended a cupful of tomato. When thickened and smooth add three pints boiling water or hot stock and then a cupful of rice. Boil until the rice is done, stirring frequently. Season with salt, pepper, parsley, celery salt. Lastly add the crab meat cook ten or 15 minutes and serve.

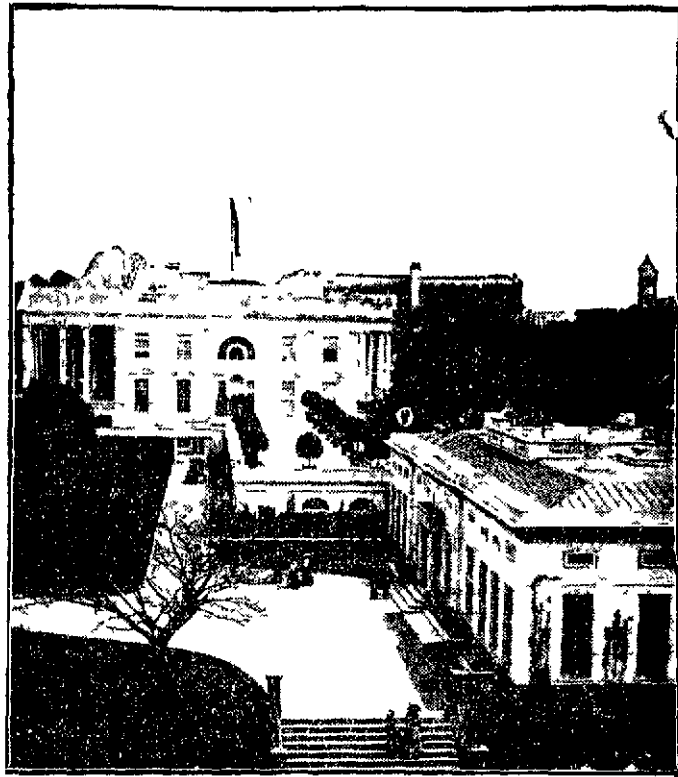

## Chiffonade Salad

This is an excellent way to use up vegetable leftovers. Have for your foundation a bed of crisp white lettuce heart leaves. On one quarter of the salad dish or platter arrange a mound of cold string beans on another quarter have tomatoes cut in small disks and onions chopped fine on a third quarter arrange some asparagus tips and on the last cold beets with chopped white of eggs and yolks pressed through a vegetable press. Pour French dressing over all, mix the vegetables together before serving and be sure to have all ice cold.

## Inexpensive Turnover

As a rule the embroidery on hemstitched handkerchiefs is much finer than that on the turnovers one buys in the stores. When these handkerchiefs become worn in the middle cut out the four sides sew narrow bands on and you will have four pretty turnovers. Especially is this true when you have fine linen handkerchiefs.

## HOME OF THE PRESIDENT

Looking east from a window of the Navy department building showing White House with Executive office in the foreground.

## MAINE HAS A UTOPIA

COMMUNITY OF TEMPERANCE ADVOCATES THRIVES.

Vice Unheard of in Benedicta—Is Without Jail, Poorhouse, Free from Debt and Has Cash on Hand.

Boston—Benedicta in Maine is the Roman Catholic Utopia and the dream of the W. C. T. U. come true. It is tabloided Home Rule Irish Catholics settled in it. Their descendants sturdy Americans run it. Only Catholics live there now and probably only Catholics will ever live there. It is crimeless, jailless, poorhouseless, free from debt and ideally administered.

As a community Benedicta is more ideal than Moore's Utopia or Bacon's New Atlantis. Though 40 miles from any other town and 100 miles from a railroad Benedicta has electric light service, a municipal water supply, several fine buildings and all the conveniences of a thoroughly modern city.

Benedicta is not only free from debt but has a surplus in the treasury. Moreover there is not a poor family in the place and there never has been any occasion for the establishment of any of the usual institutions for the poverty stricken or peace breakers.

When Fenwick started his colony he purchased more than 12,000 acres of fertile timber lands comprising the western half of a township in Aroostook county. There he began to build up an ideal community of temperance residents.

Though many of the younger generation have gone to cities for work leaving their elders on farms the census of 1900 showed that the colony numbered 300 persons.

Benedicta got its charter as a town in 1874 the name being bestowed in honor of its founder.

The nearest place where any liquor can be bought is Houlton 44 miles away through the woods to the east, and the nearest point of railway connection is Bangor more than 100 miles to the south.

## NEW RECORD IN JUNE BRIDES.

One Every Thirteen Minutes for the Month in Chicago.

Chicago—While you read these words stop and think! Chicago has 3,300 June brides to day! The love bug has been working overtime and has broken all records.

Three thousand three hundred June brides! That means 110 brides a day or one every 13 minutes!

Hymen Cupid & Co. report the most prosperous month since the firm was established.

Last year there were 2,103 June brides. In 1903 2,907 1904, the record was 2,718.

Marriage License Clerk Salmonson, the man who has opened the door of wedded happiness to hundreds and hundreds of thousands of Chicagoans and others, preached a little lay sermon the other day for June brides. These are the points on which he laid stress:

1. Love your husband always.
2. Be his companion his friend, his charm.
3. Never never be suspicious or nagging.
4. Study his tastes and give him what he likes.
5. Get up and cook his breakfast for him.
6. Make his home as attractive for him as you can—as attractive as the club or the saloon.

## WEST LENDS TO EAST

FARMERS OF PRAIRIES SEND WALL STREET FUNDS

Tillers of the Soil, with All Mortgages Gone, Furnish Money for Stock Operations and Buy Machinery.

Omaha Neb.—The day has arrived when the farmer in the west is lending money to the banker in the east. From a state of almost ruin ten years ago and a rebuffed supplicant at the feet of the Wall Street brokers he has become a financial power from whom those same brokers are begging money.

He has paid his mortgages, improved his farms, erected buildings and put thousands of dollars into the latest machinery. He has laid up a surplus of wealth and the banks are stacked up with his wealth even as his granaries are overflowing.

The state of Nebraska alone recently in one week sent to eastern cities \$7,000,000 every cent of it on short time loans and intended to relieve the financial stringency there.

The demand for money by New York and other eastern financial centers has been the largest in our history, said the cashier of one of the large Omaha banks. Our bank has carried a great amount of eastern short time loans known as commercial paper for several months and I understand other national and savings banks are doing the same thing. The demand recently however, has been greater than ever before.

The deposits in Omaha and other Nebraskan banks are 20 per cent

larger than a year ago and money never was so plentiful. The west is particularly fortunate to have this cash at this time when loans in the east are demanding good premiums, and this condition is largely indicative of the prosperity of Nebraska agricultural interests resulting from bountiful crops.

The Nebraska farmers are buying more machinery, building material and live stock than for many years. They have had several good crops in succession and they are all on easy street. The sale of their products has brought much money to the state, and this has gone mostly into local banks which carry their cash balances in Omaha national banks. Comparatively few mortgages are held.

The money made by the farmers has piled up in the banks until it became necessary to seek short time loans in the east. Eastern borrowers have not been slow to ask for these loans, however, and eight of the largest Omaha institutions receive daily quotations on eastern securities. Most of these loans are placed through New York and Boston financial institutions which act as brokers.

## 52 Gotham Murders in Month.

New York—Four hundred and ninety-eight deaths were reported to the coroner's office in June. According to the monthly report of Chief Clerk Jacob E. Bausch, 236 were due to violence or accident, the remaining 262 being sudden deaths due to natural causes. Of the deaths by violence or accident 52 were homicides and 29 were suicides. Thirty-nine bodies were found floating in the rivers. Sixteen persons were killed by carriages or wagons, 15 by the street railways and three by automobiles.

## LOOKING DOWN ON A SEA OF CLOUD

Marvelous sunrise effect from the summit of Mount Fujiyama Japan, Fujiyama is the loftiest mountain in the island, and rises 12,385 feet above the level of the sea, the crater is 500 feet deep.

## PIE WILL SOON BE A LUXURY.

Pure Food Law Will Raise Price of Desert and Other Things

Washington—The operations of the federal pure food law are plainly going to add still further to the cost of living in American homes. How much the increase will be can only be estimated thus far.

The manufacturers whose products and methods will require to be changed in order to comply with new regulations can only guess at the expense of the changes. But speaking broadly the use of preservatives and coloring matter has made it possible to sell many staple articles to the public for less money than they can be sold for when these are not used.

Take the single list of canned fruits and vegetables, pickles, preserves, jams, jellies, catchups and the like. Coloring and preserving matters are used in these. Some manufacturers claim to produce them without preservatives but the housewife who wants to know how much is saved by the privilege of using these things will be able to learn by asking her grocer the difference in price between the goods that are guaranteed to be free from these seasonings and those which are not.

She will learn that for the greater part the articles guaranteed to be free of such preservatives or coloring mat-

ter constitute the limited aristocracy of food articles at prices which make them the luxuries of the comparative few.

Pie at any rate is going up when ever sodium benzoate is denied to the makers of the insides. The slice which now sells at five cents will command ten and the ten cent portion will go for not less than 15 according to the dire predictions of the pie purveyors. Pie will become the luxury of the rich rather than the staple of the bourgeoisie dyspeptic.

## Plans Post Offices for Liners

Washington—If Second Assistant Postmaster General McCleary succeeds in some plans he has in mind sea post offices will be established on the ships of the Cunard and the French Steamship companies lines the only transatlantic lines which are equipped with postal facilities. Overtures have been made to these two companies looking to the equipment of post offices on their ships. Mr. McCleary will go to Europe soon to investigate certain postal affairs. While abroad he will confer with the officers of the two steamship lines and endeavor to complete arrangements by which American and foreign employees will be placed on each one of the vessels of these two lines.

## NEW YORK LEADS WORLD

Surpasses Even London in Wealth and Variety of Business

New York—This city which ranks second among the world's cities in population largely surpasses London in wealth and in the volume and variety of its business activities. The United States passed England in extent of manufactures in 1880 in iron and steel production in 1895 and in coal output in 1900 and its leadership in each of these fields is rapidly lengthening.

New York city is the business capital of a country which produces 20 per cent of the world's wheat, 25 per cent of its gold, 33 per cent of its coal, 35 per cent of its manufactures, 40 per cent of its iron, 42 per cent of its steel, 52 per cent of its petroleum, 55 per cent of its copper, 70 per cent of its cotton and 80 per cent of its corn.

The wealth of the United States in 1907 is \$118,000,000,000 or as much as that of its two nearest rivals—Great Britain and France—in the aggregate. As the United States natural resources are only in the early stage of their development and as its supremacy over the rest of its old time rivals is steadily increasing its social and business leadership in the world is assured.
